Wortley Group Pty Ltd

LABEL E CRYPTON & FUSION FABRICS

Regular vacuuming recommended to remove general soiling.

Everyday Spills

1. Remove Excess residue by blotting or gently lifting with a sponge
2. Use a mild soap-and-water mixture (1 tsp enzyme detergent such as Radiant, with two cups of warm water)
3. Apply the solution to the stain, gently agitate with a soft bristle brush and wait a minute or so to allow the detergent to break down the stain
4. Gently blot the stain
5. Thoroughly rinse with water. Remember that both have a permanent moisture barrier, so rinse liberally as remaining soap/cleaner will attract dirt and hinder repellency qualities.

Tough Stains/Spot Stains

Crypton & Fusion Fabrics can all be cleaned with a 1:9 bleach/water mixture - do not use solvents.

Extraction Cleaning

For overall cleaning, we recommend periodically extracting upholstery surfaces.

Wortley Group Pty Ltd

LABEL O OUTDOOR FABRIC

Clean with soap and water.

Brush off loose dirt and swiftly wipe up spills before it becomes embedded in the fabric. All fabrics will gradually "weather" so it is recommended to remove from outdoors when not in use.

Use a mild soap solution and warm water.

Rinse thoroughly.

Where possible, allow the fabric to dry naturally.

Use of inappropriate care products may cause damage and void your warranty.

Wortley Group Pty Ltd

LABEL P WORTLEY BARRIER PLUS

Regularly vacuuming recommended to remove general soiling
Rotate cushions regularly
Avoid direct sunlight

Everyday Spills

1. Remove Excess residue by blotting or gently lifting with a sponge
2. Use a mild soap-and-water mixture (1 tsp enzyme detergent such as Radiant, with two cups of warm water), and gently sponge affected area
3. Wipe off with a damp cloth and repeat if necessary
4. Please allow to fully dry before reusing

Overall Cleaning

We recommend periodically cleaning using the on site hot water extraction method

Wortley Group Pty Ltd

Every fabric, leather and vinyl delivery will include a quantity of labels at the rate of one per metre, rounded up to the nearest 5 label strip.

For example, if you have ordered 3.5 metres, you will receive 5 labels.

The labels are designed to be sewn into seams and be accessible.

Please be reminded that current care labelling law under AS/NZ1957-1998 requires a label to be attached to EVERY separate item. If your sofa has 6 cushions, each will require a label as well as the base.

While re-upholstery is not currently covered by this requirement, it is good practice to attach the labels in the same way as required for new furniture. This protects the trader against possible claims based on inappropriate care.

WORTLEY GROUP SOFT FURNISHING CARE LABELS
