

# BARN DOOR KITS - FLUSH PULL PREP

## FLUSH PULL MORTISE (ALL MEASUREMENTS TO CENTER)

DOORS WITH NO MIDRAIL

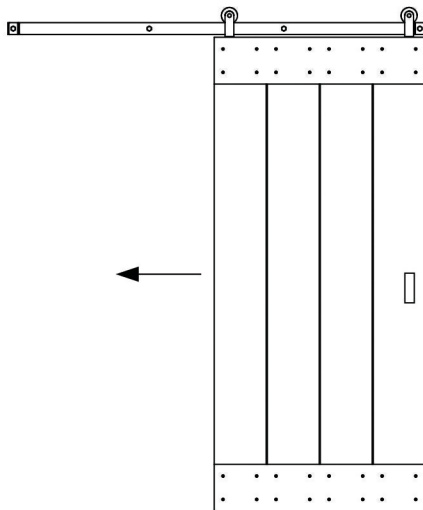

DOORS WITH MIDRAIL

Centered on rail.  
(exception: 97" doors are prepped at 38")

NOTES:  
Pulls 8" and larger will not fit on a midrail and are not recommended.

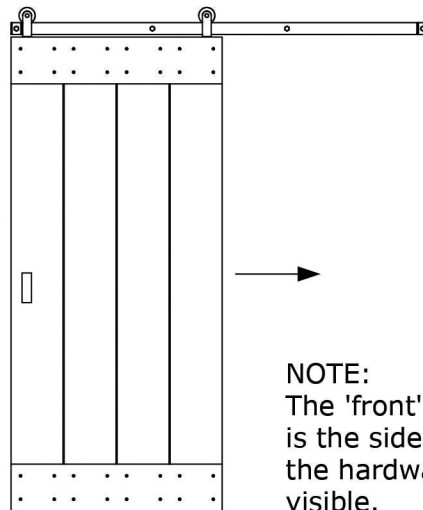

'Horizontal' style doors with steel corner edging are prepped with edge offset of 3 1/2" if pull placed on front.

## DOOR HANDING (ARROW INDICATES OPEN)

LEFT HAND DOOR

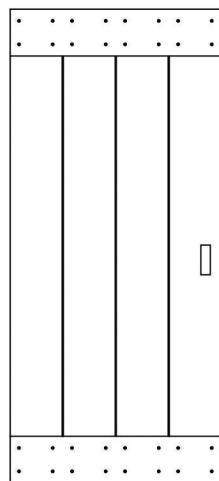

OR

RIGHT HAND DOOR

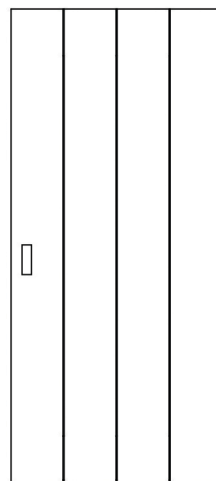

NOTE:  
The 'front' of the door is the side from which the hardware track is visible.

## FRONT OR BACK (IF SINGLE FLUSH PULL)

FLUSH PULL ON FRONT

OR

FLUSH PULL ON BACK

NOTE:  
If unspecified, orders with a single pull will be prepped on the front - except when paired with a grip-style pull. Orders with two flush pulls will be prepped on both front and back. Door shown is left hand door.
