

ExactPax™ METABOLIC ACTIVATOR

Our Metabolic Activator ExactPax™ utilizes cutting-edge formulations to support healthy glucose control, white-to-brown fat conversion, improved insulin sensitivity via elevated GLP-1 signaling, AMPK activation, optimal gut flora, colonocyte health, and gut permeability. This ExactPax™ is the perfect tool for patients needing slight metabolic support or even those on comprehensive weight loss programs.

DEMOGRAPHIC & CLINICAL APPLICATIONS

MEN & WOMEN

PATIENTS REQUIRING

- Comprehensive Metabolic Support
- Blood Sugar & Insulin Sensitivity Support
- Personal or Family History of Metabolic Dysfunction
- Elevated Triglyceride Support

BENEFITS

Optimized Metabolism, Microbiome & GLP-1 Support

Body Composition & Conversion of White to Brown Fat

Insulin Sensitivity Support & FGF21 Activation

Metabolic, Blood Sugar & AMPK Support

Promotes Beta Cell Function

ABOUT ExactPax™

Personalized Packets Based on Specific Health Goals

Based on the gracious input and ordering patterns of thousands of Infiniwell physicians, we created the ExactPax™ line. Each ExactPax™ box includes a *one-month supply of convenient, individual daily supplement packets*, compiled from the most popular bundles purchased for each identified health goal.

Convenient Reordering

Forget messy bottles. Reordering is automated, which makes the convenience night & day in comparison to managing bottles.

Eliminated Guesswork

Simplify your patients' daily health routine. Patients will no longer need to remember when, how much, or what to take.

Best Practice Protocols

Keep your patients up-to-date with the best & latest practice protocols being implemented by specialists.

Better Compliance

Having better patient compliance equates to better results for both your patients and your practice.

EACH ExactPax™ INCLUDES

1x Senolytic

SUPPLEMENT FACTS		
Serving Size: 1 Capsule Servings Per Container: 30		
	Amount Per Serving	%DV
Fisetin (<i>Rhus succedanea</i>) (Stem)	100 mg	*
Quercetin (<i>Sophora japonica</i>) (Bud)	400 mg	*
Resveratrol (<i>Polygonum cuspidatum</i> Sieb.) (Root)	50 mg	*
Pterostilbene (<i>Pterocarpus marsupium</i>) (Wood)	50 mg	*
Curcumin (Turmeric Root)	50 mg	*

* Daily Value Not Established

Other Ingredients: Vegetable Capsule (Hypromellose, Titanium Dioxide)

3x Control

SUPPLEMENT FACTS		
Serving Size: 3 Capsules Servings Per Container: 30		
	Amount Per Serving	%DV
MitoBurn® β-aminoisobutyric acid (<i>L-BAIBA</i>)	500 mg	*
Factor21® bitter melon extract (<i>Momordica charantia</i>)	500 mg	*
Berberine HCL	300 mg	*
InnoSlim® (<i>Astragalus membranaceus</i> and <i>Panax notoginseng</i>) Root Extracts	250 mg	*
Actiponin® gynostemma pentaphyllum extract (leaf)	225 mg	*
GlucoVantage® (<i>Dihydroberberine</i>)	200 mg	*
CaloriBurn GP® Grains of Paradise seed extract (<i>6-Paradol 12.5%</i>)	40 mg	*

* Daily Value Not Established

Other Ingredients: Vegetable Capsule (Hypromellose, Gellan Gum), Rice Powder, Microcrystalline Cellulose

3x GI Prime

SUPPLEMENT FACTS		
Serving Size: 3 Capsules Servings Per Container: 30		
	Amount Per Serving	%DV
Dried Yeast Fermentate (EpiCor®) (<i>Saccharomyces cerevisiae</i>)	500 mg	*
<i>Lactococcus lactis</i> strain Plasma (IMMUSE™ Postbiotic)	50 mg	*
ButyraGen™	200 mg	*
Spore Probiotic Blend	12 billion CFU	*
Bacillus Coagulans (SNZ 1969) Bacillus Subtilis (SNZ 1972) Bacillus Clausii (SNZ 1971)		

* Daily Value Not Established

Other Ingredients: Vegetable Capsule (Hypromellose), Rice Powder, Microcrystalline Cellulose, Magnesium Stearate, Silicon Dioxide.

SUGGESTED USE

Take 1 packet daily, with a meal, or as directed by your healthcare practitioner.

CONTENTS

Senolytic

Senolytic stands at the forefront, harnessing the potent properties of key compounds such as fisetin, quercetin, pterostilbene, resveratrol, and curcumin. These compounds have been extensively researched for their remarkable ability to support the healthy metabolism of senescent cells, which play a pivotal role in the aging process and age-related diseases and more specific to metabolism, the impact on insulin resistance, beta cell function, adiponectin production and glucose uptake.

- Supports healthy aging and longevity
- Supports SIRT1 and AMPK activation
- Optimized neurological processing and function
- Inhibition of the excess proliferation of senescent cells

Control

Control is a cutting-edge dietary supplement meticulously formulated to optimize health and metabolic function. Within its innovative blend of ingredients, Control harnesses the power of scientific research to unlock the potential of the body's intricate biochemistry. The synergistic blend combines **MitoBurn**[®], **GlucoVantage**[®], **Factor21**[®], **Bitter Melon Extract**, **InnoSlim**[®], **Actiponin**[®], and **CaloriBurn GP**[®] to revolutionize your patients' well-being. Boasting Brown Adipose Tissue (BAT) conversion, thermogenesis, insulin sensitivity and glucose utilization, glucose uptake, and AMPK activity, Control is designed to support energy expenditure, well-being, and vitality.

- Promotes leaner body composition
- Encourages calorie burn
- Assists in preventing weight re-gain
- Reinforces carbohydrate tolerance

MITOBURN[®]

FACTOR21[®]

InnoSlim[®]

GLUCO
VANTAGE[®]

CALORIBURN[®]

GI Prime

The microbiome play a key role in metabolism, blood sugar and insulin regulation. GI Prime is formulated to provide comprehensive gut health support and promote overall digestive well-being. This advanced blend combines the following ingredients known for their beneficial effects on gut microbiota: **Epicor**[®], which has been shown to support gut health by promoting a balanced gut microbiota, modulating immune function, and improving gut barrier integrity. **IMMUSE**[™], a cutting-edge postbiotic clinically shown to activate your body's natural defenses at the cellular level to provide comprehensive gut and immune support year-round. **Butyragen**[™] serves as a butyrate-producing innovation and finally a combination of *Bacillus coagulans*, *subtilis*, and *clausii*.

- Support for digestive dysregulation
- Acute & ongoing immune system support
- Assistance with gut dysbiosis
- Gut permeability protocols

EPICOR[®]

IMMUSE[™]

IMMUSE[™] is a clinically researched lactic acid bacteria developed by Kirin Holdings Company, Limited.

Butyragen[™]
Direct Butyrate Generator
