PEWABIC TILE

A CENTURY OF DESIGN

Pewabic has been handcrafting tile in our National Historic Landmark pottery for over a century. That tradition continues today with architectural tile for your home or business. Our time honored process produces subtle variations in size and color that create beautiful and unique tiles for your backsplash, fireplace, wall, floor or outdoor space.

Made from high-fire stoneware, Pewabic tile is suitable for both interior and exterior use. Handcrafted Pewabic tiles start at $100 per sq ft. Every tile is made specifically for your project. Production takes 12-16 weeks as our artisans make the clay, press your tiles, glaze, fire, and layout your tiles to ensure a perfect fit.
