1. Check if all the parts (4) are in the box.
2. Line up the pail with the base and push to snap together.
2a. Mount the pail top.

14. Unlock the lid with the knob and move it up using the handle. The full bag will be pulled along.
15. For odorless releasing, squeeze the bag with one hand and unlock the bag holder with the other hand.
16. Now you can release and tie the bag.
17. For cleaning the drum, put in a horizontal position. Now lift it up using the knobs on the side.
18. Push the colored sleeve away from the handle using both thumbs.
19. Remove the knobs on the side.
20. Now you can separate the two drum halves.
21. Remove the piston and clean the parts with warm soapy water.

Caution: Do not submerge the piston.
