iDESIGN™ PERFORATED STEEL BOARDS

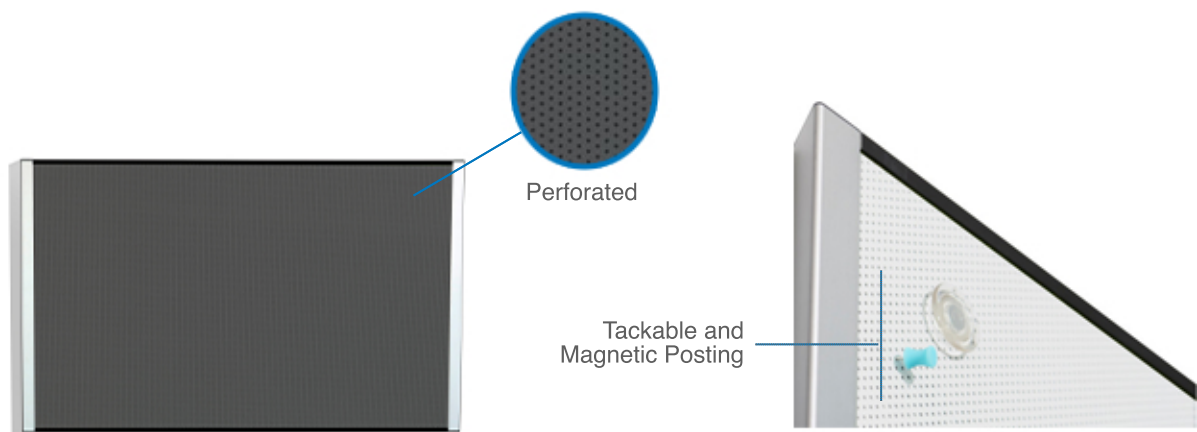

Vision. Design. Performance.

IDESIGN™ PERFORATED STEEL BOARDS

FEATURES

- Magnetic perforated steel bulletin board that creates a canvas to inspire, inform, engage. The modern hi-tech look of this perforated steel bulletin surface, combines functionality of magnetic and tackable posting.
- Perforated steel backed by a high density polyester insert, combine to create superior grip and secure holding power for pushpins. Magnets provide quick access to reposition postings, without pin holes.
- Sleek aluminum frame with a beveled edge profile and prominent 1.5" depth adds a sophisticated visual interest and distinct appeal.
- Modular configurations with secure corner brackets allows bulletin board to be hung vertically, side-by-side, and provide endless space for ideas and news.

iDesign™ Perforated Steel Boards create a canvas to inspire, inform, engage. The sleek hi-tech look of this perforated steel bulletin surface, combines functionality of magnetic and tackable posting. Perforated steel backed by a high density polyester insert, combine to create superior grip and secure holding power for pushpins. Magnets provide quick access to reposition postings, without pin holes. All Iceberg products are backed by a 15 year manufacturer's limited warranty.
