Available From:

RELIEF FOR HEADACHES

The Headache Ice Pillow combines cervical support and cold therapy to help relieve headaches, migraines, neck pain, muscle soreness, and tension headaches. Also ideal for stiff necks, sprains, strains, and symptoms associated with whiplash injuries. Use cold therapy to help reduce inflammation and headaches; use heat therapy to help relax muscles.

IDEAL FOR TRAVEL OR HOME USE

The unique horseshoe shape of this pillow provides support while sitting or lying down. For resting or sleeping in a sitting position, the fiber cervical lobe supports the neck while the two side lobes gently cradle the head for comfort. The compact size is ideal for travel or home.

REMOVABLE COLD THERAPY PACK

Use this pillow either with or without the 6" x 10" Soft Comfort CorPak™ Hot or Cold Therapy pack. The pack's exterior is made of a proprietary blend of synthetic fibers and organic plant materials. The Soft Comfort CorPaks contain more nontoxic, biodegradable fill than traditional packs to retain cold and heat longer.

Conveniently store packs in the freezer for a minimum of 1 hour prior to use for cold therapy the moment you need it! For heat therapy, simply heat the pack in a microwave according to the heating instructions printed on the pack. The pack will maintain therapeutic temperature for 20 minutes.

SPECIFICATIONS

Product Selection: Headache Ice Pillow FIB-235 White/Blue

Product Weight: 1.75 lbs

Dimensions: 11" x 11" x 4"

Materials:

Pillow: Cover - 50% Polyester/ 50% Cotton | Filling - 100% virgin polyester
