Adjustable strap secures cushion to most seats

Available From:

HELP PROTECT AND MAINTAIN POSTURE

Staying seated for extended periods of time on the road, at the office, or at home can lead to serious back pain. Sitting too long can be detrimental to your spinal health, distorting spinal curves, compressing discs, and creating pressure on the spine. All of this can lead to pinched nerves, numbness, tingling, and back pain. Help protect and maintain proper posture by using the Bucket Seat Sitback Rest™ Deluxe lumbar support cushion!

Ease lower back pain and discomfort by adding the Bucket Seat Sitback Rest™ Deluxe lumbar support cushion to your car, truck, wheelchair, office chair, or most any seat. This cushion is comfortable to use, yet firm enough to provide proper back support and help improve posture while sitting. Designed to fit snugly inside most bucket style seats, beveled side support wings provide maximum comfort and support while driving, sitting, or resting. Whether you're taking a road trip, relaxing, or working long hours at the office or at home, this cushion provides back support and comfort, so you can focus on what matters most to you.

UNIQUE MOLDED FOAM

Made with a unique molded foam that is nontoxic, nonallergenic, and highly resilient, the cushion provides a firm foundation while remaining soft to the touch. Unlike memory foam, this high quality, strong, resilient molded foam will maintain its shape for years of use and support. Covered with a soft, plush cover, this cushion is comfortable for everyday use.
