

SWEDE-O® THERMAL VENT® LUMBAR SUPPORT

- Helps relieve back pain and discomfort
- Flexible stays help increase support and stability
- Adjustable elastic straps for extra compression
- Gentle compression and warmth to help relieve pain
- Promotes proper posture

Available From:

FUNCTIONAL & COMFORTABLE

The Swede-O® Thermal Vent® Lumbar Support provides comfortable support, compression, and heat therapy to help relieve low back pain as well as help reduce symptoms of sacroiliac joint dysfunction.

The flexible internal stays provide support and stability as well as help prevent the sides from rolling. The adjustable elastic side straps provide extra compression as needed. The anatomical form contours to the natural shape of the back and the material is soft and comfortable against the skin.

INDICATIONS FOR USE

This product may be suitable for: Inflammation/Strain of Back Muscle Attachments, Lower Back Pain (Lumbago), Lumbar Disc Injury (Slipped Disc), Spondylolysis and Spondylolisthesis, Ankylosing Spondylitis, Sacroiliac Dysfunction (Inflammation of the Sacroiliac Joint).

THERMAL TECHNOLOGY

Engineered with MVT²: MicroVentilated Thermal Technology™

Thermal Vent Supports are a valuable aid to help rehabilitate injured tissue. These products provide warmth and heat therapy to help increase pliability and elasticity of muscles and tendons, making them more responsive to therapy and exercise.
