Available From:

ELASTIC ANKLE WRAP

This Swede-O® Elastic Ankle Wrap's adjustable strap provides a customized fit, allows for variations due to swelling, and offers easy application and adjustment. This support is ideal for mild injuries and aching ankles; gentle compression helps reduce inflammation. The ventilated material contours to the natural shape of the ankle for comfort during active use. Discreet under clothing; bilateral design fits right or left ankle.

INDICATIONS FOR USE

Use the Elastic Ankle Wrap after injury or to protect your ankle from future injury. This ankle support provides light compression to the ankle to help prevent and relieve aches, pains, sprains, and other ankle conditions.
