

PERFORMANCE WRAP® KNEE SUPPORT

- Designed to withstand perspiration and stay put during water sports
- Four-way tension system for custom fit and compression
- Wraparound design is easy to apply and adjust
- Heat therapy, support, and compression help reduce pain
- Two spiral stays for support and stabilization
- Retains natural body heat to promote healing
- Opening behind knee helps increase comfort

Available From:

STAYS IN PLACE

The versatile Performance Wrap® Knee Support is ideal for individuals with mild knee sprains, weakened knees, runner's knee, patellar tracking disorder, mild osteoarthritis, and patellar tendonitis (jumper's knee). Designed by a professional surfer, the smooth neoprene interior surface keeps the support in place, even during water activities and withstands excessive perspiration.

EASY TO APPLY AND ADJUST

The wraparound design is easy and less painful to apply and adjust compared to pull-on style knee supports. Simply wrap the brace around your knee and adjust the four-way tensioning system for a custom fit, increased compression, and improved patella tracking. Two spiral stays provide support and help stabilize the knee. The neoprene construction retains body heat to help reduce pain and promote healing.

CUSTOMIZED FIT

The support's front opening reduces pressure across the patella which helps prevent aggravation to tenderness or bruising. A large popliteal cut out reduces material bunching during knee flexion and helps keep the leg cool and comfortable. The adjustable closures provide a customized fit and allow for variations due to swelling. Bilateral design fits right or left knee.

SPECIFICATIONS

Product Selection: Performance Wrap®
Knee Support KNE-6440, Black/Blue

Product Weight: .42 lbs

Dimensions:
OSFM: 12.25" x 21"
Large/XLarge: 12.375" x 26"

Materials: Neoprene

Case Quantity: 6

Case Dimensions: 10.25" x 13.5" x 12.5"

Case Weight: 4 lbs

Latex: Caution: This product contains natural rubber latex which may cause allergic reactions

Country of Origin: Assembled in the USA of Globally Sourced Materials

California Residents Only:
