FUNCTIONAL & COMFORTABLE

The Swede-O® Thermal Vent® Elbow Sleeve is designed to support weakened elbows and help relieve aches, pain, sprains, strains, and joint stiffness which may be associated with arthritis.

The light support, gentle compression, and heat therapy help relieve elbow pain and promote healing. This product's anatomical form contours to the natural shape of the elbow for increased comfort; bilateral design fits right or left elbow.

THERMAL TECHNOLOGY

Engineered with MVT™: MicroVentilated Thermal Technology™

Thermal Vent Supports are a valuable aid to help rehabilitate injured tissue. These products provide warmth and heat therapy to help increase pliability and elasticity of muscles and tendons, making them more responsive to therapy and exercise.
