Carhartt

INSULATED COMPOSITE TOE 8" LOGGERS

Style: CML8369

Sizes:

8.5 - 13 M
8 - 13 W

Safety:

- ASTM F2413-18 rated
- ASTM F2413 EH rated

Features:

- Oil-tanned vintage saddle leather; Lace closure
- Carstrong® durable reinforced fabric prevents wear and tear
- Storm Defender® waterproof breathable membrane keeps feet dry, but lets them breathe
- 400g 3M™ Thinsulate™ Insulation
- Composite toe protects against impact and compression hazards
- TPU heel guard with Achilles flex joint for ankle stability and side impact protection
- Cushioned, polyurethane insole
- Goodyear welt-constructed rubber outsole

Overview

Lineman, logger or dedicated rancher, these tough 8-inch work boots are designed for secure footing and all-weather versatility. Insulated for warm feet in cold weather, they shed the elements to keep your feet dry. Heel and ankle reinforcements plus a steel shank add extra support and safety for the line of duty. An aggressive ladder lock tread sheds mud and holds firm on slippery ladders and in uneven terrain.

Carhartt

FORCE 4" CHELSEA BOOT SAFETY TOE

Style: FA4415-M

Sizes:

9.5 - 12 M

9.5 - 12 W

Safety:

- ASTM F3445-21 SR
- ASTM F2413 EH rated

Features:

- Boots designed with Rain Defender to be water repellent to keep your feet dry so you can work in light rain
- FastDry technology lining wicks away sweat for comfort
- Carhartt footbed made with Insite technology is engineered to create maximum arch support to reduce foot fatigue
- Cement constructed with Carhartt rubber FORCE outsole
- Slip and oil resistant work boots are perfect for long workdays

Overview

Carhartt developed Carhartt Men's Force Water Resistant 4 in. Romeo Nano Toe Work Boots to be the work boot of choice for the worker who wants an athletic shoe feel in a pair of lightweight, full-feature work boots. They have an oil tanned, water resistant, leather upper with elastic goring for easy on-off.

Overview

The Red Wing 2408 is a premium safety toe boot with excellent wear and cushion great for people in a severe environment and need a comfortable place for their foot without the bother of insulation and water-proof membrane. It's meant for any type of work and can certainly handle it.

Red Wing

8" WATER PROOF DYNAFORCE WORK BOOT

Style: 4200

Sizes:

8.5 - 12 D

8.5 - 12 2E

Safety:

- ASTM F2413-11, M/I/75/C/75 rated
- ASTM F2413-11 EH rated

Features:

- Nubuck Leather, Waterproof, Oiled And Waxed
- Non-Metallic Shank
- Innovative DynaForce® insole technology absorbs underfoot pressure and provides added stability and support for exceptional all-day comfort
- Highly durable direct attach to welt construction
- Best-in-class oil and gas resistant sole
- Ideal for long periods on your feet in tough work environments including oil and gas industry, construction, manufacturing and railroads

Overview:

This heavy-duty boot with steel toe protection significantly reduces underfoot pressure by distributing the pressure evenly across the feet, minimizing foot-pounding shock over long hours on hard, flat surfaces. The built-in insole also offers excellent stability, while the premium, waterproof Red Wing Leather upper keeps you comfortable and enhances ankle support by extending higher up the calf.

Red Wing

LOGGERMAX 9" INSULATED STEEL TOE LOGGER
