WOLFF
INDUSTRIES, INC.

I want to say thank you to our many customers who have supported us and helped us be successful over these last 40 years. Wolff Industries, Inc. was founded in 1982 by my father, Lee Wolff, the inventor of the Twice As Sharp® Scissors Sharpener. The legacy he left us with is to value the customer with quality service and products.

Many new products including the best industrial scissors have been added over these many years and I am excited to see what the next 40 years will bring.

Sharpest regards,

David Wolff
