

PRODUCING LIFE-LIKE PERMANENT RESTORATIONS IN MINUTES?  
YOU DON'T HAVE TO IMAGINE IT ANYMORE WITH

# RODIN SCULPTURE 3D RESIN

## RODIN SCULPTURE

is a revolutionary breakthrough in 3D printed dental materials. Its superior mechanical strength and esthetic properties allow technicians to produce permanent dental restorations that are miles ahead of the next leading competitor.

Its unique formulation contains the  
**HIGHEST CONCENTRATION**  
of true ceramic fillers, maximizing fracture resistance while mimicking the esthetic qualities of traditional ceramic restorations.

## FDA 510K

cleared as a Class II medical device for permanent restorations and biocompatibility certified,

### RODIN SCULPTURE

ensures restorations are long-lasting and perform similar to those made with traditional milled ceramics.

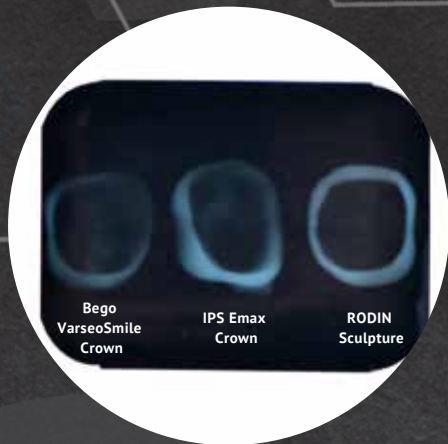

Case studies courtesy of Lee Culp, CDT, Sculpture Studios

"No longer milling long-term provisionals as I print them all with Rodin™ Sculpture!"  
- Lee Culp, CDT

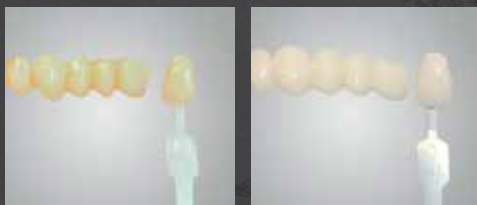

Minor adjustments can be easily treated with traditional flowable composites to seated **RODIN SCULPTURE** restorations if desired.

**RODIN SCULPTURE** is the only printed dental material with **HIGH RADIOPACITY**

for use in permanent restorations on the market, providing dentists with high contrast x-ray imaging.

**6 SHADE OFFERINGS**

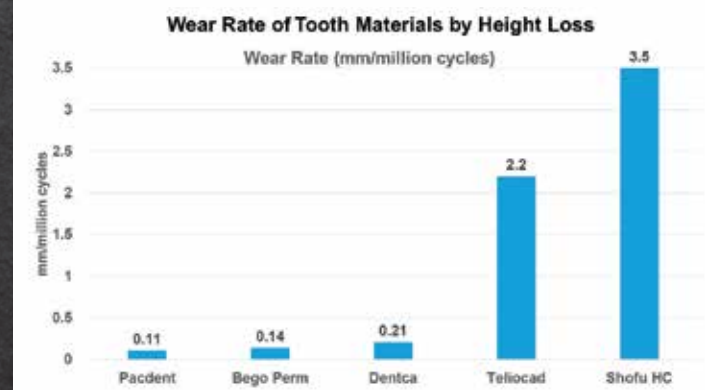

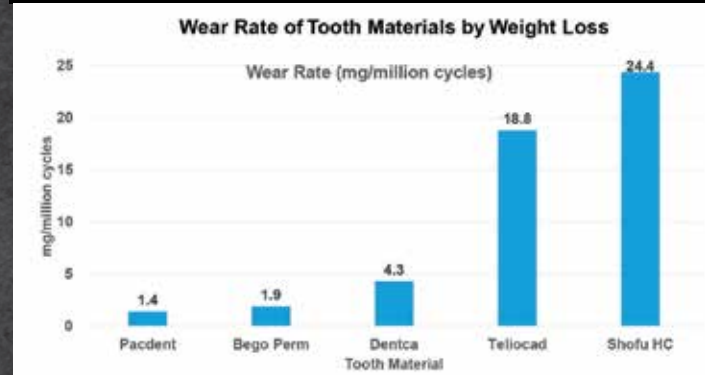

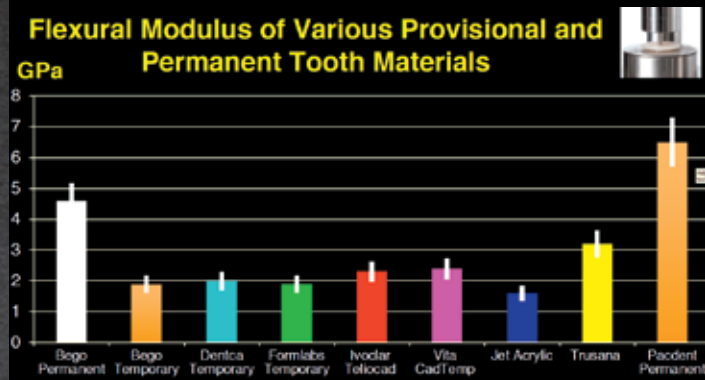

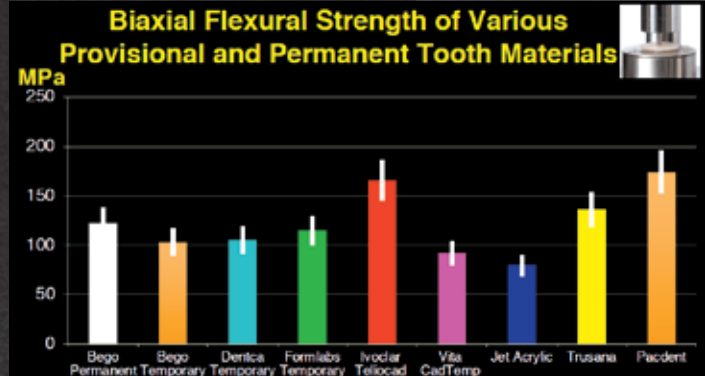

targeted to match the Vita shade guide system using the CIELab® color spectral testing method to minimize shade adjustments and remakes.

| Item#           | Description                     |
|-----------------|---------------------------------|
| 3DR-CNR-A1-1200 | Shade A1, 1.2 kg Bottle         |
| 3DR-CNR-A2-1200 | Shade A2, 1.2 kg Bottle         |
| 3DR-CNR-A3-1200 | Shade A3, 1.2 kg Bottle         |
| 3DR-CNR-B1-1200 | Shade B1, 1.2 kg Bottle         |
| 3DR-CNR-BL-1200 | Shade BL3/Bleach, 1.2 kg Bottle |
| 3DR-CNR-C2-1200 | Shade C2, 1.2 kg Bottle         |

Also available in 600 g and 300 g configurations!

**ACHIEVE FAST AND EXCEPTIONAL RESULTS**

with minimal effort during post-processing of **RODIN SCULPTURE** restorations with traditional polishing and tools and techniques.
