

Waveband specialized accessories
Designed for Fire & EMS personnel

"When Reliability Counts Choose Waveband"

Being a Firefighter, your two-way radio is your lifeline and being able to effectively communicate can mean the difference between survival and tragedy.

The performance of your two-way radio accessories is equally as important. Every battery, charger, audio accessory, and radio holster we offer is designed to offer optimal performance in the most demanding environments. All of our products undergo vigorous testing to ensure the highest level of dependability.

We offer products that are specifically designed to meet the demanding needs Fire & EMS professionals encounter on a daily basis. From SGS laboratories Intrinsically Safe approved batteries, to noise canceling lapel remote speaker microphones, and headsets we have you covered.

Batteries

FIRE & EMS FIT

Our batteries are top quality intrinsically safe products designed for safely powering your twoway radio in areas where combustible dusts, fibers or gases exist.

KEY FEATURES

- ✓ Intrinsically safe batteries approved by SGS Laboratories.
- ✓ All models incorporate Japanese cells for optimal performance and longer cycle life.
- ✓ Snug fit with OEM two way-radios including Motorola, Harris and Kenwood.
