Waveband Communications was founded in April, 2002 to custom engineer and deliver products that better service two-way radio accessory needs. We're proud of our products, services, warranties, performance and reputation. Here are product and performance comments from customers who actually use and purchase Waveband Communications Two-Way Radio Accessories.

"I purchased these batteries and they have been awesome. We have several BK P-150 radios and we have a couple different batteries. I was told about waveband batteries and was skeptical. After purchasing several they have out performed all of the batteries I bought for my wildland team in my department. These batteries are the best and will continue to buy these batteries no matter what."

HARRIS P7300 RADIO SPEAKER MICROPHONE

Harris P7300 Two-Way Radio Accessories

SPEAKER
- Dimensions: 45mm
- Impedance: 8Ω ± 15% @ 1000Hz Rated

MICROPHONE
- Sensitivity: -36dB ± 3dB @ 1000Hz (0dB = 1V/Pa)
- Impedance: 2.2kΩ @ 1kHz

Features:
- Rugged compact mic for use with Harris P7300 handheld radio
- Noise canceling microphone
- IP54 Waterproof
- Superior audio quality
- Kevlar reinforced cable heavy duty strain relief
- Superior audio quality

SPEAKER
- Sensitivity: 120 dB±10%@1KHz
- Frequency: response F0~9KHz

MICROPHONE
- Sensitivity: -34±2dB@1KHz 2.2K 3V 0dB=1v/pa
- Frequency: 100Hz—16000Hz

Features:
- Public safety grade mic for Harris P7300 handheld radio
- IP67 Waterproof
- High/Low switch
- Includes 3.5mm accessory port

SPEAKER
- Dimensions: 45mm
- Rated Input Power: 500mW
