Nurse Blake

ABOUT NURSE BLAKE

Nurse Blake is a nurse, creator, advocate, and touring comedian. From an early age, he knew he wanted to be a nurse and started working as a patient transporter at 17.

An advocate from the beginning, he was the president of the Florida Nursing Student Association while in nursing school. In 2013, Nurse Blake started Banned4Life to end the permanent FDA gay blood ban, which ultimately contributed to the lifetime ban being lifted in 2015. He graduated with a Bachelor of Science in Nursing (BSN) degree in 2014 from the University of Central Florida in Orlando, Florida, and worked in level 1 trauma centers around the country in a variety of nursing roles.

While working as a nurse in the intensive care unit (ICU), Nurse Blake began creating Facebook videos as a means of relieving stress and sharing his nursing experience in a comedic way. His videos went viral and connected nurses and nursing students from around the world. Nurse Blake now takes his comedy to stages worldwide, bringing nurses together through his humor and inspiration. With over 120,000 tickets sold for his 2021-2022 PTO Comedy Tour, Nurse Blake hit the stage again in 2023 with a whole new show in over 100 cities.
