

Create a Fantastic Tray Pendant!

Materials: glass piece
tray
image (printed on computer paper)
Fantastic Glaze & Glue
Fantastic Jeweler's Dots
scrap paper

Tools: scissors
small paint brush or cotton swab

Select an image. Leave as much white selvage as possible when cutting out the image. Place the image front side up on a sheet of scrap paper.

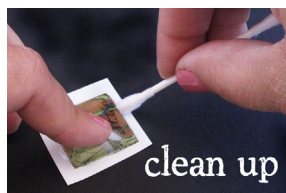

Apply "puddles" of Fantastic Glaze & Glue on to the flat back of the glass. Apply "puddles" to all four corners and the center of the flat back.

Press the glass, Fantastic Glaze & Glue side down, onto the front of the image. Fantastic Glaze & Glue should ooze out the sides.

Use a paint brush or cotton swab to clean off the Fantastic Glaze & Glue that has oozed out around the edges.

Let the Fantastic Glaze & Glue dry completely. Touch the scissors to the edge of the glass piece. Trim the excess paper off the edge of the glass piece.

Affix a Jeweler's Dot to the inside of a tray. Peel off the red liner. Attach the glass to the tray.

Try any image. If it doesn't work, reuse the glass by soaking it in water for 24 hours.
