CEMBRE - MAKING THE RIGHT CONNECTION

With 1.3 Million square feet, where we produce 95% of our catalogue at the highest level quality, and more than 40 years history in the connection, Cembre is today the leading ISO 9001, ISO 14001 and OHSAS 18001 European manufacturers of electrical compression connectors and related installation tooling.

Extensive know-how, strong R&D activity and continuous innovation in manufacturing technologies and product specification, allow Cembre to respond quickly to an increasingly demanding market expectation for high-quality products that are reliable, cost effective and safe.

Wide product range, expert and efficient international sales network and sharp focus on customer needs represent the strengths of the Cembre Group and ensure a significant competitive advantage in a continuously evolving global market.
