Members are reminded that, in accordance with the rules of the Society, subscriptions and all other annual fees and charges are payable on 1st January 2017. Failure to pay by 28th February 2017 will involve loss of membership and consequential need to pay a new entrance fee or other payment as determined by the Committee of Management.

Our preferred, method of payment for all charges is by Direct Debit. The great benefit of the DD scheme is that you should never have to pay any interest on your account. You will of course be charged any fees and an admin fee for any returned DD collections. You can choose to pay Membership and Facility Fees in ten equal monthly instalments (first instalment January 2017) if the annual total is greater than £200.00. You still have the option to pay by other methods.
