Reading Faster WPM Practice instructions – Printed use

- For Each Team of 8 Quotes, Set a 10-second timer on cellphone or metronome (6 beats/min). Just read the quotes for now. Save the Author and Dates for later.
- Reading Speed is based on How Many Words Per Minute (WPM) You Read with Comprehension.

- Between each Quote is the WPM#. Since You should Stop Reading when the 10-sec timer goes off, we just multiply the # of words read starting with Quote#1 up till the end of last Quote you fully read for your personal Words Per Minute count.
 - This will change for each quote and team, due to quote length.
 - Repetition is How We All Learn, So Practice Makes You Better!
