## Reading Faster WPM Practice instructions – Printed use

- For Each Team of 8 Quotes, Set a 10-second timer on cellphone or metronome (6 beats/min). Just read the quotes for now. Save the Author and Dates for later.
- Reading Speed is based on How Many Words Per Minute (WPM) You Read with Comprehension.

- Between each Quote is the WPM#. Since You should Stop Reading when the 10-sec timer goes off, we just multiply the # of words read starting with Quote#1 up till the end of last Quote you fully read for your personal Words Per Minute count.
  - This will change for each quote and team, due to quote length.
  - Repetition is How We All Learn, So Practice Makes You Better!
- \* Or You Can Use our 52 Team 11-min video at [Stop2Think.com](http://Stop2Think.com)**

# How Many Words Per Minute can You Read in 10-seconds? (No Name + Dates)

**WPM=102**  
**Good, Better, Best. Never Let it Rest, till your Good is Better and Your Better is Best.**  
 St. Jerome 347 AD - 420 AD

**WPM=168**  
**If you want to lift yourself up, lift up someone else.**  
 Booker T. Washington 1856 - 1915

**WPM=240**  
**It is never too late to be what you might have been.**  
 George Eliot 1819 - 1880

**WPM=552**  
**Genius begins great works; labor alone finishes them.**  
 Joseph Joubert 1754 - 1824

**WPM=462**  
**Experience is one thing you can't get for nothing.**  
 Oscar Wilde 1854 - 1900

**WPM=408**  
**It does not matter how slowly you go as long as you do not stop.**  
 Confucius 551 BC - 479 BC

**WPM=360**  
**Write your injuries in dust, your benefits in marble.**  
 Benjamin Franklin 1706 - 1790

**WPM=306**  
**He who knows that enough is enough will always have enough.**  
 Lao Tzu 601 BC - 531 BC

Faster Reading Skills May Help You in School and Business... Do Your Future a Favor By Learning from the Past!

Team	Quotererer (I made up that word)	Quotererer History
1.1	St. Jerome 347 AD - 420 AD	St. Jerome was a Latin priest and historian, known for his translation of the Bible into Latin, and his commentaries on the Gospels.
1.2	Booker T. Washington 1856 - 1915	Booker Taliaferro Washington was an American educator, author, orator, and adviser to multiple presidents of the United States. He was a leader in the African American community.
1.3	George Eliot 1819 - 1880	Mary Ann Evans, known by her pen name George Eliot, was an English novelist, poet, journalist, translator and one of the leading writers of the Victorian era.
1.4	Lao Tzu 601 BC - 531 BC	Lao-Tzu was a Chinese scholar, writer and philosophical founder of Taoism, a traditional Chinese religion which emphasizes living in harmony.
1.5	Benjamin Franklin 1706 - 1790	Benjamin Franklin was one of the Founding Fathers of the United States. Franklin was a printer, postmaster, inventor, civic activist, statesman and diplomat.
1.6	Joseph Joubert 1754 - 1824	Joseph Joubert was a French moralist and essayist, remembered largely for his collection of comments on theology and philosophy.
1.7	Oscar Wilde 1854 - 1900	Oscar Wilde was an Irish poet and playwright that became one of the most popular playwrights in London with "The Picture of Dorian Gray" and "The Importance of Being Earnest".
1.8	Confucius 551 BC - 479 BC	Confucius was a Chinese politician and philosopher that emphasized personal and governmental morality, correctness of social relationships, justice, kindness and sincerity.

## Easy Math Octo-Team Worksheet

One way to Grow Math Self-Confidence quickly is with the Octo-Rep process, where you start with just the age equations around each quote on the team. You'll do those age calculations 8 times for 8 team members. DON'T COPY the answers to the next page... Earn the Confidence!

Do the Easy 2-digit Age equations (which are actually 4 digit math but since we're focused on 2 digit ages, you'll get 4 digit confidence) and notice the confidence that comes with their improved speed calculating those last few team member pages. Use a timer to compare team age calculation. Then go back and do the rest of the math equations below each team member quote.

Use the Team age worksheet below to practice adding the same ages in different order for additional math confidence building success.

Team Ages	Team Ages	Team Ages	Team Ages	Team Ages	Team Ages	Team Ages	Team Ages

Did you wonder why I used St. Jerome's "Good, Better, best" quote on the 1<sup>st</sup> 8 teams? The answer is on the [GuideALife.com website](http://www.GuideALife.com).

**There are also several contests where you might win FREE t-shirts from our "iTHINKtees" collection.**

## **Why I started “Motivational Education Workbooks”**

I started GuideALife.com because my wife and I live in Florida but most of our Grandkids live in California. Since I only get to see my "West Coast Treasures" a few weeks in a good year, I wanted to make sure that my 5 grandchildren on both East and West coasts of America (not 5 on each) grow up with more exposure to, and hopefully inspiration from some of the Proven Wisdom that have Encouraged, Educated and Entertained Generations for Centuries.

I started sending my grandkids custom calendars I designed called “Holidaze de Jour” that included a couple of very old quotes to Inspire and Motivate themselves and others.

I was sending them the Calendars every month for years. But the kids were growing fast, and I wanted to share those Wisely Inspired Quotes with them on a more repetitive basis than once a month, so I designed tee shirts with those quotes called: PrettyWittyKids, YouthfulTruths and SocialEqualitees.

Then... Covid hit and closed their schools for months, so I used those 52 teams of 8 Quotees for Easy Math equations to help them keep their math skills sharp and still Encourage, Educate or Entertain them with whichever of the quotes that touches their heart and helps them grow into successful happy adults. I added the Cypher Puzzles and Faster Reading projects next.

**Good Luck, I Know You Can Do it!**
