Consultation

Each customer is an adventure for us. Thomas will spend time talking with you, giving you the benefit of his decades of experience with the properties of exotic leathers and how your choices may best fit your individual style. Our process is highly personal, and our patrons find it very enjoyable.

The possibilities at Tomasso Arditti are virtually limitless. We've helped experienced boot buyers pursue specific visions for boots that simply could never be created anywhere else. We're equally experienced helping first or second-time buyers find a perfect match for their tastes, lifestyles and aspirations.

We work for one thing: the moment you pull on a Tomasso Arditti boot - whether for the first or the 50th time - and feel signature fit like no other piece of footwear on earth.

3 Ways to a Perfect fit

1. Order your normal size.

2. Fittings through the mail.

We'll send you our exclusive measuring instruction & foot-outline system. For a nominal cost, we'll make you a "fitter pair" based on your measurements. This is a system we've used for years to help assure a perfect fit, and the results have always been excellent. It will require a few minutes of your time, but the investment is small and the payback enormous.

3. Custom fittings at your location.

This option is an affordable and efficient choice for groups, such as corporate orders, family events and hunting group fittings. We'll consult with you on how to arrange travel for Tomasso and one of his maestro boot-maker / fitters. Just contact us.

We stand behind our fitting process

In the highly unlikely case we have any fit issues, we'll adjust your boots if needed.

All we ask is that you work with us during the process. Call or email to begin.
