GENERAL INFO

About This Special Edition Charm — The "Emily"

The "Emily" mini bag charm is a collaboration between SimpleArtfulStuff.com and MoreMeKnow.com. This lovely charm is based on Lauren Mormino's popular Emily Tote Bag pattern. This pattern includes one charm. Unlike other charms in the Bling Your Bag series, the Emily was specially designed to use woven fabric for the top half. Because it uses a woven, it has no raw edges. The Emily is a closed-top charm. Like all the Bling Your Bag charms, the "Emily" is super fun, quick, and easy to make.

About the Bling Your Bag Series

Bling Your Bag is a series of mini-bag charm patterns. Each pattern is a mini-collection grouped by a theme. The number of charms offered in each pattern ("mini-collection") can vary. With a "Special Edition" pattern, like this one, there may be only one charm included. Within a mini-collection, individual charms may vary in that some can be opened/closed with a snap, some do not open at all, and some remain open at the top depending on their style. All charms use minimal fabric and are fun, fast and easy to make. A select few require a bit more attention to detail depending if you choose to incorporate the optional accents that may be included.

Materials

- Main Fabric: Quilting Cotton (or a patterned canvas) 6" tall x 4" wide
- Accent Fabric: Vinyl or Cork (or a thin leather no more than 2 oz) 3" tall x 5" long
