[K] King Fabric

[TC] COM Fabric
Fabric required 1pc: Lin Mtrs 0,9 (h 1,40)

White flexible polyurethane foam, density 30kg/m³, flame retardant according to the method: UNI 9175 - UNI 9175 / FA1, Class 1IM.

## QUALITY IN THE NATURAL RESPECT

100% Demountable product
100% Recyclable material
100% Made in Italy

### TECHNOPOLYMER

Gaber production employs exclusively high-tech thermoplastic materials, which are 100% recyclable. Gaber produces plastic injected materials without added chemicals. These materials are purchased within the European Union, so Gaber is exempted from registration with ECHA agency (European Agency for Chemicals Substances), in the complete respect of "Reach Regulation".

### WOOD

Our wooden articles are produced in accordance with the European Regulations in force regarding formaldehyde emissions from wood-based products.

### PADDINGS

The flexible polyurethane cold-pressed paddings Gaber uses on its upholstered articles do not contain CFC/HCFC (ODP=0: do not contribute the reduction of the atmospheric ozone layer), they are fire-retardant class 1-IM UNI 9175/CMHR following European Standards.

### CARTON BOXES

Corrugated paperboard carton boxes, printed with environmentally friendly inks, are made of 90% recycled and recyclable materials. Packaging is sized in order to optimize storage and transport requirements, both helping the environment and saving on transport costs.

In all components, parts or materials used by Gaber to make its own products, be they plastic or metal, there are no dangerous substances within the certified limits of the following test methods reports:

Cadmium UNI EN 13656:2004 + UNI EN 13657:2004 + UNI EN ISO 11885:2009
Lead UNI EN 13656:2004 + UNI EN 13657:2004 + UNI EN ISO 11885:2009
