FRAME FINISHES

Arket tables collection is made using basic geometrics and intuitive shapes. The table tops are made of Steel with Marine MDF core or Porcelain, the three or four spokes bases with adjustable feet and aluminium stems come in sections with three or four surfaces made of co-injected metal and technopolymer. Steel tables are painted in a solid color .

PERFORMED TEST

1. Safety requirements EN 15372:2016, clause 5.1 - 5.2
2. Information for use EN 15372:2016, clause 6
3. Horizontal static load test EN 1730:2012, clause 6.2
4. Vertical static load test EN 1730:2012, clause 6.3
5. Horizontal fatigue test EN 1730:2012, clause 6.4.2
6. Vertical fatigue test EN 1730:2012, clause 6.5
7. Vertical impact test EN 1730:2012, clause 6.6
8. Drop test EN 1730:2012, clause 6.9
9. Stability under vertical load EN 1730:2012, clause 7.2

STEEL TOP FINISHES

PORCELAIN FINISHES

STEEL AVAILABLE DIMENSIONS

PORCELAIN AVAILABLE DIMENSIONS

QUALITY IN THE NATURAL RESPECT

100% Demountable product
100% Recyclable material
100% Made in Italy

TECHNOPOLYMER

Gaber production employs exclusively high-tech thermoplastic materials, which are 100% recyclable. Gaber produces plastic injected materials without added chemicals. These materials are purchased within the European Union, so Gaber is exempted from registration with ECHA agency (European Agency for Chemicals Substances), in the complete respect of "Reach Regulation".

MARBLE AND PORCELAIN TABLE TOPS

The Porcelain stoneware tops stand out for their excellent technical performance, ideal for the most delicate uses where maximum hygiene and resistance must be guaranteed. Porcelain tops are compatible with foodstuffs, resistant to fungi and molds, suitable for both indoor and outdoor use, resistant to frost, heat and high temperatures, they can be cleaned very easily while maintaining the characteristics of the surface. The solid Marble surfaces, are treated to reduce their porosity, however constant care and cleaning of the product is recommended.

METAL

Gaber metal structures, in the full respect of our Natural Environment, are available with "trivalent" chroming and painted finishes. Prime-quality special Epoxy powder coating used on Gaber frames enhance color stability from batch to batch and over time, increasing its corrosion-resistance and achieving excellent resistance to atmospheric agents.

CARTON BOXES

Corrugated paperboard carton boxes, printed with environmentally friendly inks, are made of 90% recycled and recyclable materials. Packaging is sized in order to optimize storage and transport requirements, both helping the environment and saving on transport costs.
