

8740 B HF 1 Zyklop bit socket set with holding function, 3/8" drive, 7 pieces

Zyklop Accessories, 3/8"

EAN: 4013288195050

Part number: 05003180001

Article number: 8740 B HF 1

Size: 155x135x48 mm

Weight: 669 g

Country of origin: CZ

Customs tariff number: 82079030

- Bit sockets with retaining function for hexagon socket screws
- The holding function holds screws securely on the tool
- With Take it easy tool finder: colour coding by size
- Knurling on lower end for more grip when used manually.
- Chrome vanadium steel, matt chrome-plated

Bit socket with 3/8" drive and holding function for particularly comfortable screwdriving with reduced risk of losing the screw when feeding it into the workpiece. With "Take it easy" tool finder with colour coding by size - for quick and easy identification of the required tool .

Zyklop Accessories, 3/8"

Bit sockets with retaining function for hexagon socket screws

The clamping of the screw is achieved by a flexible locking ball. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw.

Zyklop Accessories

We did not just want our creativity to end with the ratchets themselves so we also occupied ourselves intensively with ratchet accessories. That is why our users are now provided with an extension with freely spinning sleeve and flexible lock to enable more secure and more rapid screwdriving. The sockets have been completely redesigned: we wanted to spare the user the need of having two different series - one for manual and the other for power tool applications. And: we wanted to enormous simplify the task of finding the right sizes. Technically, our own ambitious goals represented a real challenge: to endow sockets with the advantage of the holding function on screwdrivers and bits. We succeeded in this!

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
