Article number:	367 K TORX®	Country of origin:	
		Customs tariff number:	82054000

- Screwdriver for recessed TORX® screws
- Multi-component Kraftform handle for fast and ergonomic screwdriving
- Handle markings simplify finding and sorting of tools
- Circular blade and TORX® ballpoint for safe work even in difficult installation situations
- Black Point tip and ballpoint, chrome-plated

High quality Kraftform Plus screwdriver by Wera. The ballpoint drive profile means that it is possible to swivel the tool axis away from the screwdriving axis, thus enabling "round the corner" screwdriving. Multi-component Kraftform handle for fast and low-fatigue working. Kraftform Plus: hard gripping zones for high working speeds whereas soft zones ensure high torque transfer. The Wera Black Point tip offers optimised corrosion protection and an exact fit. The hexagonal anti-roll feature prevents any bothersome rolling away at the workplace. Handle markings for simplified finding and sorting of the tool.
