

EAN:	4013288014399	Size:	25x7x7 mm
Part number:	05056660001	Weight:	4 g
Article number:	853/1 TZ ACR PH	Country of origin:	CZ
		Customs tariff number:	82079030

- For Phillips screws
- ACR® (anti cam-out feature) to prevent any slipping out of the screw head
- Torsion zone for absorption of peak loads
- Enhanced service life of the bits
- Tough for hard materials
- 1/4" hexagon drive (Wera connecting series 1)

High quality bits with Torsion zone: where kinetic energy is diverted from peak loads. This greatly extends the product service life. Come with rough ribs (anti cam-out feature, ACR®). Tough viscous, for universal use; 1/4" hexagon, suitable for holders as per DIN ISO 1173-D 6.3.

ACR® Bits

TZ-Bits

Tough-absorbing bits

ACR® stands for "anti-cam-out ribs". ACR® bits have ribs at the drive tip that protect against slipping out of the screw head. It is recommended that ACR® bits are matched with ribbed ACR® screws for maximum effect. ACR® is a registered trademark of Phillips Screw Company.

TZ-Bits are tough bits with a torsion zone. Torsion bits absorb the damaging peak torque loads in the torsion zone. This prevents premature wear and enhances the service life of the bits.

Tough-absorbing Wera bits (Z) prevent any premature breakage of the drive tip.
