

**Step 1:**

Thread end of leash through the Steel D-Ring.

**Step 2:**

Open the leash end to allow space for the leather tab to thread through.

**Step 3:**

Thread the leather tab through the end of the leash.

**Step 4:**

Pull the leather tab end to make the leash snug to the Steel D-Ring.

**Step 5:**

Wrap the leash around your wrist and be confident you won't lose your mitten!
