About Kulture Shop:

Launched in October 2013, Kulture Shop is a premium lifestyle brand representing top cutting-edge Indian graphic artists around the globe, a movement powered by its Bandra (Mumbai) studio that's fast becoming a hub for India's cultural movers and shakers. It sells its goods on its e-commerce marketplace at kultureshop.in and its brick-and-mortar studio shop. Today ELLE India says "Kulture Shop is fast gaining a name as the new champion of Indian Graphic Art". Artwork provided by their artists is printed onto premium Kulture Shop products such as art prints, art tees, notebooks, and very soon, other lifestyle products. Artists are compensated per piece sold, so for every item bought, an Indian graphic artist is rewarded for their work. Kulture Shop has been featured by Vogue, New York Times Style Magazine, ELLE, Architectural Digest, Creative Review (UK), TimeOut Mumbai, The Independent (UK), Wallpaper* Mumbai Guide and many other reputable publications. Kulture Shop has won two Blue Elephants for Best Logo Design and Best Brand Identity at Kyoorius/D&AD Awards, a globally recognized design conference with a jury comprising of some of the most notable professionals within the Indian and International design community.
