About You: I am a high-energy detailed oriented individual looking to be part of a diverse and fun team. I enjoy a fast-paced work environment that is constantly changing and I like to participate in thinking of ways to make the fulfillment process and customer experience better. I have great time management skills and work well under pressure. I am customer service obsessed and take pride in my work to give each customer a unique and fun experience through our hospitality focused fulfillment process. 4

About Us: Skratch Labs is an outdoor company on the cutting edge of athlete nutrition, founded by two pro cycling veterans who started mixing performance drinks in paint buckets at McGuckin Hardware over 10 years ago. Since then, we've built an amazing following of impassioned athletes in the US and Europe and we're growing fast. We believe food and drink is just better when made from scratch and we also believe that no matter where we find ourselves in life, it's never too late to start from scratch. We use our heads and our hearts in everything we do. Our goal is to help people be better. We work together, we are real, we perform, and we are empathetic. If you're inspired by athletes and our story, and you think you'd thrive in an office full of dogs, bicycle posters, shenanigans, hard work, and the occasional lunchtime knock-out (basketball) game, this could be the place for you. Skratch Labs is proud to be named to Outside Magazine's list of the Best Place to Work 2 years in a row.
