

Role: Warehouse Specialist

Employment Type: Full-time

Location: Boulder, CO

Reports To: Warehouse Manager

About You: I am a high-energy detailed oriented individual looking to be part of a diverse and fun team. I enjoy a fast-paced work environment that is constantly changing and I like to participate in thinking of ways to make the fulfillment process and customer experience better. I have great time management skills and work well under pressure. I am customer service obsessed and take pride in my work to give each customer a unique and fun experience through our hospitality focused fulfillment process.

About Us: Skratch Labs is an outdoor company on the cutting edge of athlete nutrition, founded by two pro cycling veterans who started mixing performance drink mixes with simple ingredients for the pros in hardware store buckets over 8 years ago. Since then, we've built an amazing following of impassioned athletes and we're growing fast, but we always need help getting the word out! We believe food and drink are just better when made from scratch and we also believe that no matter where we find ourselves in life, it's never too late to start from scratch. We use our heads and our hearts in everything we do. Our goal is to help athletes perform better. Our brand and our team stand for being real, being supportive, and being fun. If you're inspired by athletes and our story, and you think you'd thrive in a start-up environment full of dogs, bicycle posters, shenanigans, hard work, and the occasional lunchtime knock-out (basketball) game, this could be the place for you.
