## FOR BIG DAYS UNDER PERFECT SKIES

---

Tom & Teddy knows the perfect Aussie day at the beach is a day filled with action – from taking a paddle in the surf or an impromptu jog along the beach, to building that show-stopping sandcastle and enjoying beers around the BBQ.

Our super-soft, super-stylish shorts can handle it all, with vibrant designs for men and boys that bring a touch of the great Australian outdoors to the day - wherever you are.

---

## SWIMWEAR WITH THE AUSSIE SUN SEWN IN

---

When British-born Michelle L'Huillier and her husband Jelle set foot on Sydney's white beaches, they were surprised by the loose, knee-length, dull-coloured – and permanently soggy – 'boardies' they saw. After all, this was a nation of self-confessed beach junkies, with Mother Nature's rainbow palette for inspiration.

And so, drawing on long-loved family names, the first Tom & Teddy collection of durable, comfortable, eye-catching swim shorts was born in 2011.

Australia's beaches – and many beyond – have become brighter than ever before as men and boys, dads and sons swim, play and relax in their sun-infused Tom & Teddy swimmers.

## WHO WEARS TOM & TEDDY?

Tom & Teddy's stylish, versatile swimwear is worn across the generations – from toddlers and teenagers to dads, granddads and everyone in between. Our youngest fans love to match up with Dad in their favourite Tom & Teddy print, while older boys choose from our wide range to find just the right pair of trunks to match their individual style.

Our universally flattering swim shorts are neither too short nor too long; too baggy nor too tight. A semi-fitted, mid-thigh cut and soft, durable, quick-dry fabric make them a joy to wear, both in and out of the water. And Tom & Teddy rash tops are a slim and semi-fitted t-shirt-style shape that doesn't cling to the body.

With a whole host of patterns, colours and prints to select from, there's the perfect Tom & Teddy swimwear piece for every beach or poolside wardrobe.

“

I discovered something new this summer (Tom & Teddy). Not all bathing suits are created equal. What I thought were adorable matching bathing suits for my husband and son turned out to be my most-favorite bathing suit ever for my husband!

”

**THE MOM BUZZ**

“

I typically have to buy three swimsuits per summer season to handle what my boys throw at them: public swimming pools; slip & slides; hot tubs; and sandy beaches. I think that's all about to change with their Tom & Teddy swimsuits.

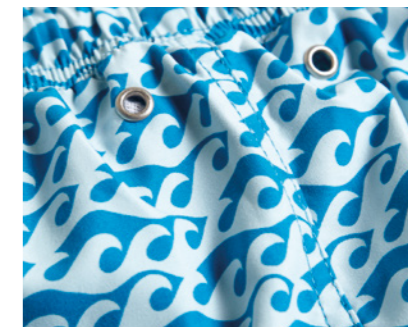

”

## CLASSIC SWIM SHORTS

Our signature swim shorts combine a secure elasticated waist and braided drawcord with a super-soft and durable outer shell, as well as a soft 100% cotton inner mesh lining – making them comfortable enough for long, fun days at the beach, as well as some serious lap-swimming at the pool.

Classic shorts feature bold patterns and bright, sunny colours to reflect a resort-ready style and help beachgoers to flaunt their fun side at the beach. Marine life, tropical nature and the great Australian outdoors all inspire the juicy-hued patterns of our Classic swim short collections.

These small air-vent hoops help to avoid the “blown-up” look when you dive into the pool.

A strong velcro fastening on the rear pocket lets you swim with your valuables.

We wanted the inside of our shorts to be just as soft as the outside, so we've chosen a 100% cotton mesh lining.

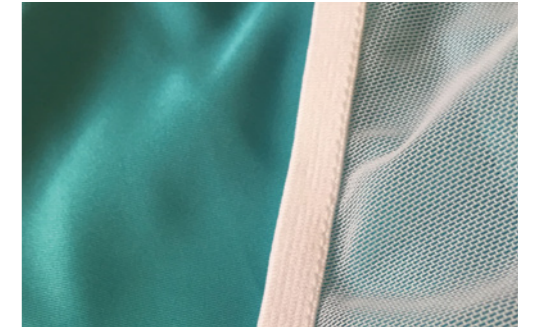

The tough drawcord makes the waistband secure.

# CONTEMPORARY SWIM SHORTS

Tom & Teddy Contemporary shorts for men sport smaller-scale prints in a masculine colour palette, with a flat-fronted waistband and secure snap fastening to give a smarter, sharper look for those beach-to-bar moments. A partially elasticated waist and silky inner mesh lining ensure these shorts are still comfy enough to be worn all day long.

A smart, flat-front construction and firm snap-lock fastening.

A lightweight and silky inner mesh brief for extra comfort.

The partially elasticated waistband provides just enough "give" for a flattering, adjustable fit.

“  
Tom & Teddy do  
some of the best  
boardshorts going.  
”

FINANCIAL REVIEW**

## RASH TOPS

Sporting a t-shirt-style cut, Tom & Teddy rash tops combine UPF50+ sun protection with a flattering fit. The smooth lining ensures they feel great and slide on easily – even when wet. And, because they're made from an ultra-durable fabric that's resistant to salt and chlorine, they keep their shape summer after summer.

These swim-smart tops have been designed in long or short-sleeve options and are the ideal co-ordinating piece to slip on with a pair of Tom & Teddy shorts.

### UPF50+ sun protection

Our UPF50+ rash tops have been awarded an "Excellent" rating by the Australian Radiation Protection and Nuclear Safety Agency (ARPANSA).

### Ultra durable fabric

We use a PBT/Polyester blend knitted fabric for our tops because it's resistant to both salt and chlorine water – it stands the test of time!

### Silky inner lining

As with all Tom & Teddy swimwear, comfort is key. The smooth lining allows the top to slide on and feels great against the skin.

“

What we like the most about this bathing suit is the quality. European competitors come up with fun designs and skimpy sizes, but they can fray quickly after being washed often.

”

## PRACTICAL TRAVEL GEAR

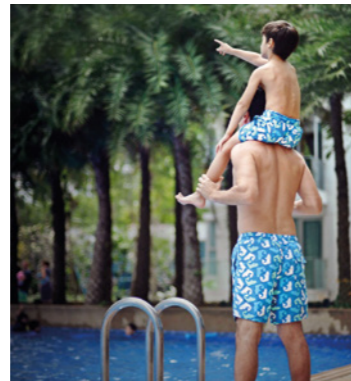

---

## THE SHORTS TO BE SEEN IN
