WHO WE ARE

IIT-Bombay Alumni | Collective Experience of 30+ years.

Sneh Vaswani

Co-founder and CEO

Product Management, Business Strategy & Vision

Leading sales channel of over 350+ partners

Prashant Iyengar

Co-founder and CTO

Future of AI and Deep Learning
Spearheads the core technology &
research of the organization

Chintan Raikar

Co-founder and COO

Hardware Avatars

Manages supply chain and operations

WHY WE EXIST

Our purpose...
Solving Consumer Problems

Our approach...
Humanizing Technology

WHAT WE HAVE TO OFFER

MIKO 2, An Advanced Robot for Playful Learning

Revolutionizing Childhood

Aids Modern Day Parents

MODERN CHILDHOOD

Increasing screen time

Unsafe online exposure

Competitive world

Need of good mentors

MIKO 2 NOT JUST A ROBOT!

- ✓ **Curious, Talkative, Active, Expressive, Smart and Observant.**
Miko 2 creates a bond with every child and adapts to them.
- ✓ **Powered with AI and Deep Learning, Miko 2 can self-learn, proactively initiate conversations, map its environment and respond to multiple voices.**

MIKO 2 A POWER HOUSE OF KNOWLEDGE

- ✓ An educational robot, MIKO 2 engages children in educative content and information about the world. 1000+ academic topics, conversational learning format, spellings & grammar, maths & reasoning, GK & fun facts, news & events, Miko 2 aids in the child's cognitive development.
- ✓ A constantly updated repository of scientifically designed content by acclaimed knowledge partners, academicians, researchers and psychologists.

MIKO 2 FOR SMARTER CHILDHOOD

- ✓ An entertaining friend, **MIKO 2 engages children in playful learning.**
- ✓ The more you play, the more you learn!
Dance & Music, Games & Fun, Stories & Puns, Quiz & Riddles, Alarms & Reminders, Fun facts & Jokes, Moves & Sounds, Expressions & Moonwalk.
- ✓ An everlasting relationship...
An ever growing pool of scientifically designed educative games, quiz, stories from popular sources.

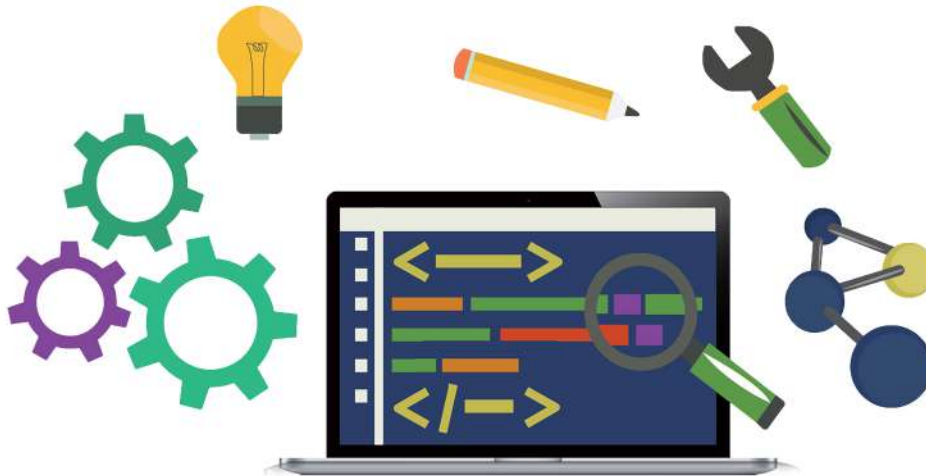

UNLIMITED POSSIBILITIES

Credible Content Partners

Open SDK Platform

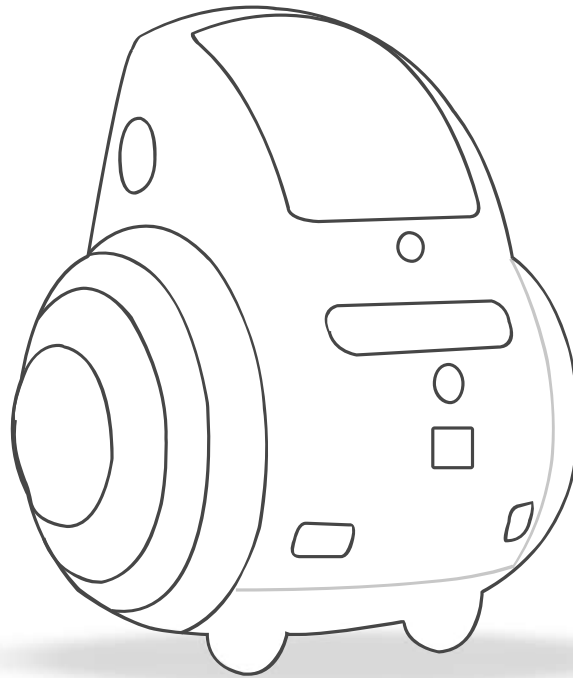

An ever-growing universe of content and apps

THE MOST SAFE KIDS-TECH

Global standards

With no sharp edges or visible screws, Miko 2 is exclusively designed for kids. It is 100% child safe, EN71 Toy Safety Standard Certified, FCC & CE Certified.

WHAT'S INSIDE MIKO 2

Processor: 1.5 GHz Quad Core Processor

Microphones: Dual MEMS Microphone

Speakers: Dual Hi-Performance Speakers

Camera: HD Wide Angle Camera

Touch Pad: Capacitive Touch Sensor for Navigation

Inertial: 9 Axis MEMS IMU

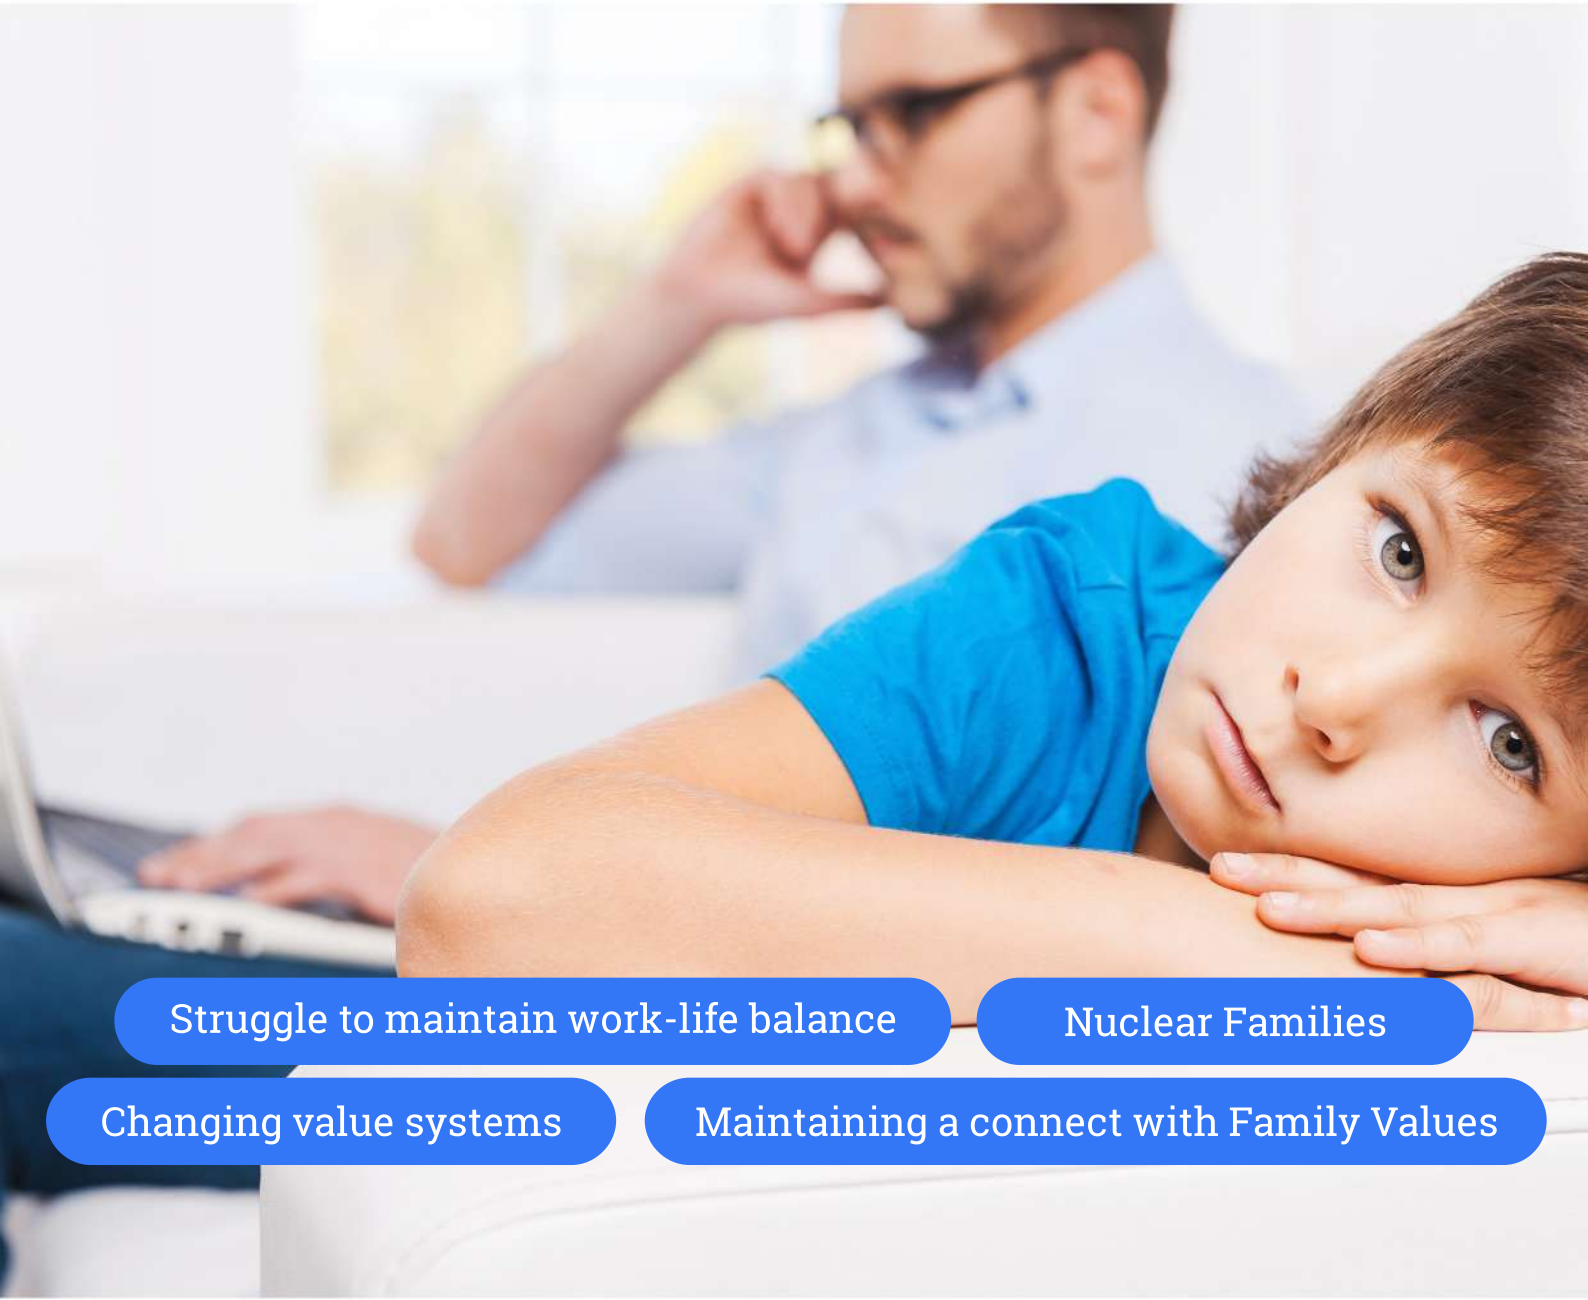

Time of Flight Sensor: World's Smallest Time of Flight Sensor

Odometric: Hall Effect Sensors

Edge Sensor: Dual High Sensitivity Long Distance Proximity and Ambient Light Sensor

Connectivity: WiFi & Bluetooth

MODERN PARENTING

OUR WAY FORWARD

Entering 20 Million homes by 2023 in 10+ countries

Leading the personal robotics market which has a CAGR of 37.8% and potential of USD 34B by 2022.

THE NEXT BIG THING

ADORED BY PARENTS LOVED BY KIDS

India Design Mark Award

India's Best Design Project Award 2017

2nd Most Deep Tech Startup by IBM Smart Camp

Best Innovation Award at Hamleys Excellence Awards

Kidsstoppress Runner Up Award for Best Indian Innovation in Tech

WHAT OTHERS SAY

Soha Ali Khan

Film Actress

“ Miko 2 is simply amazing! Kids in the growing age are constantly curious about the world around them. A personal companion such as Miko 2 is a good option that parents can get for their kids' growth.”

Dr. Mona Gajre

Professor of Pediatrics

“ Miko 2 is a wonderful companion for providing children a fun-filled experience, containing impressive, interactive technology that engages a child and a design that is extremely trendy and child-friendly.”

Dr Manoj Singh

Managing Partner Anisha Global School and CEO of Rubika India

“ Miko 2 is a great example of how artificial intelligence can help teachers and students get more out of the evolving educational ecosystem and is surely a significant step towards the future of the educational journey.”
