Available in 1.6m, 2.1m, 2.6m and 3.1m cut lengths.

Please enquire about custom lengths up to 5.5m

**MADE IN  
BRITAIN**

**Ultra High Precision** - Guaranteed to cut within 0.2mm of a straight line for the whole length of the cutter

www.keencut.co.uk

## Quick and easy

- Raise the clamp with minimal effort
- Lift-and-Hover\* holds the cutter bar just above the media
- Anti-sag holds the cutter bar parallel to the surface of the media
- Sightline strip shows exactly where the cut will be made

## Simple to use

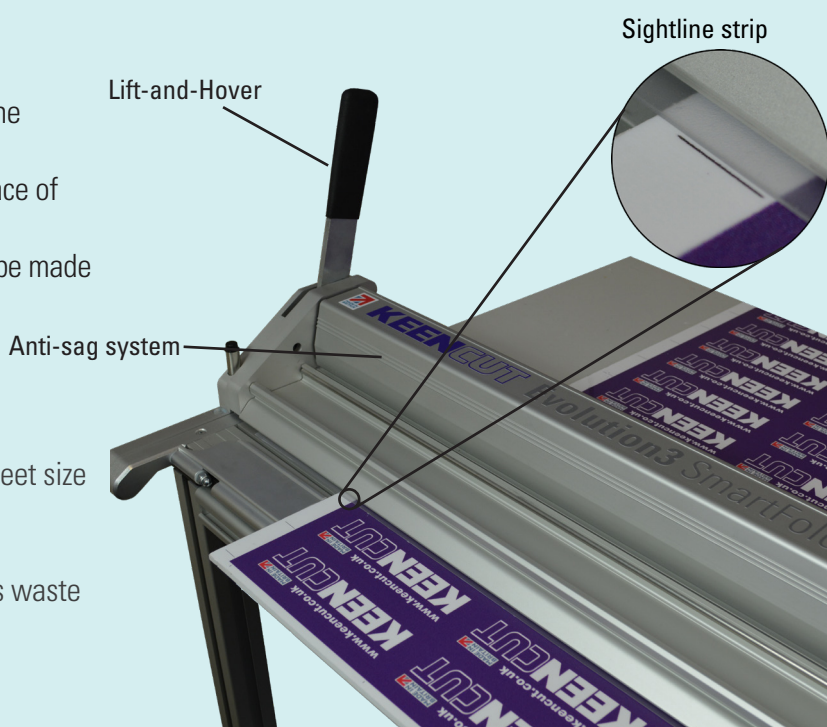

- Intuitive - minimal training needed
- Operates from either end\*
- Single person operation even with the largest sheet size

## Saves time and money

- Better alignment means fewer mistakes and less waste
- Faster working for higher productivity

## Reliable and built to last

- Designed and manufactured to Keencut's exacting standards of precision
- 5 year warranty

\*Available on the BenchTop and SmartFold

## QUIKSWAP TOOL HEADS

QuikSwap tool heads have been designed to offer maximum flexibility and increased productivity.

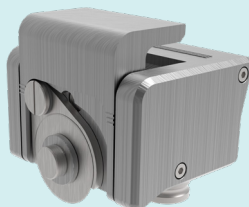

- Each QuikSwap head is designed for a specific purpose, e.g., general cutting, creasing or fabric cutting
- Attaches or detaches from cutter in seconds
- Mount single or multiple tool heads to suit your work
- On-going development of new QuikSwap heads will offer a fully future-proof cutting solution
- Graphik tool head supplied as standard with every Keencut Evolution3 - other tool heads available as optional extras

### Graphik tool head

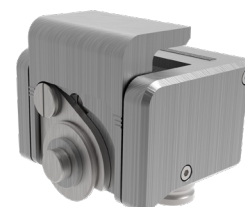

- Cuts vinyl, banner, cardboard, PVC foamboard, foam-centred board, corrugated plastic
- Two-way cutting with two individual blade holders
- Graphik blades are stronger and more stable than regular blades

### Fabric tool head

- Cuts fabric leaving a clean finish
- Spring-loaded cutting wheel
- Consistent pressure for reliable cutting

### Creasing tool head

- Creases corrugated and plain card
- Adjustable pressure to suit a range of materials
