

ZIPLOCK[®]

SIDE-RETAINED OUTDOOR BLIND

PRODUCT DESCRIPTION

Ziplock[®] creates a weatherproof barrier keeping you protected from the Sun, Wind, Rain & Insects.

The unique side retention system keeps the fabric locked in on the sides while still allowing it to guide at every position.

Ziplock[®] is designed to handle the harshest Australian conditions, and being an Aluminium system, means it's perfectly suited to coastal conditions.

OPERATION

- Spring Assisted
- Gearbox Operation
- Automation
