TO WHOM IT MAY CONCERN

Lütjenburg, September 9, 2020

Confirmation

We hereby confirm that based on a clinical observation study from University Jena, Germany (Prof. Dr. H. Küpper), and Dr. K.-P. Meschke, Wuppertal, it has been proved that CAD/CAM manufactured provisionals made of Merz Dental OMP-N material (i.e. artegral ImCrown, artBloc Temp, M-PM Disc) allow a long-term wearing period of up to 3 years.

Sincerely,

Merz Dental GmbH

Dr. Claudia Bobrowski-Strieder
Head of Regulatory Affairs / Quality Management
