VITON™ COMMERCIAL GRADE RUBBER

NAME: VITON™ COMMERCIAL GRADE
Fluoroelastomer

~EXCELLENT HIGH TEMPERATURE
SUSTAINABILITY AT 400°F/200°C ~
~EXCELLENT CHEMICAL RESISTIVITY~

75 DUROMETER
Tensile Strength: 1,200 psi
Elongation Max: 250%
SURFACE: SMOOTH
Resilience /Rebound: GREAT
Adhesion to Metals: EXCELLENT

Rubber Temperature: -20 F° to 400 F° <<<< **TEMPERATURE**

TOP OF THE RUBBER CHAIN

***Our rubber products are blended of various polymers formulated to meet stated physical specifications.
Recommendations made by American Material Supply in its product literature relating to applications of the rubber are believed to be reliable, but we make no warranty of results to be obtained since the conditions of the end application by Buyer and others are beyond American Material Supply's control.***
