

You must be so excited that your Saint John standing desk just arrived! We're excited for you! It's pretty simple to put together but in case you need some clarification we've put some diagrams together in this pamphlet.

If you have any questions or concerns about it don't hesitate to reach out to us.

Thank you for supporting a small business like Sleekform.

Very cool of you.

THE
SAINT JOHN
ASSEMBLY
GUIDE.

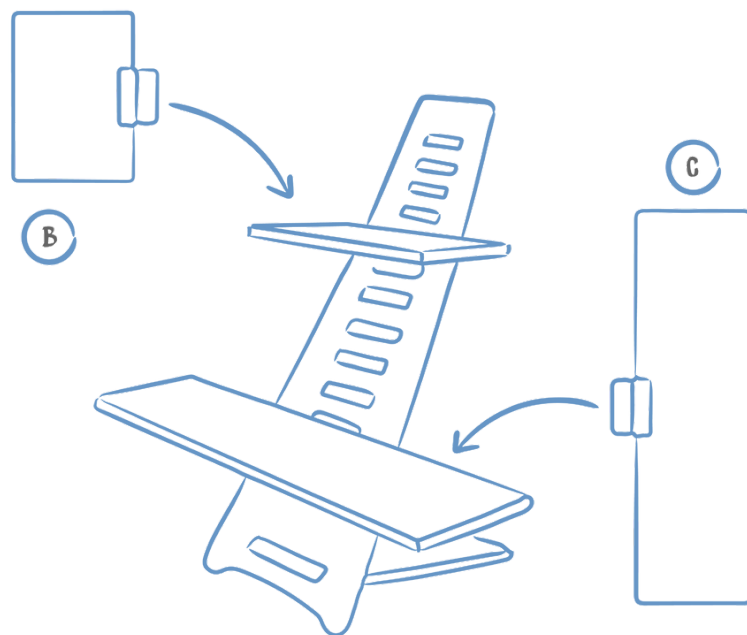

These are all the parts. A B & C have grooves on one side. **The grooves face downward** and help to secure them into place on part D.

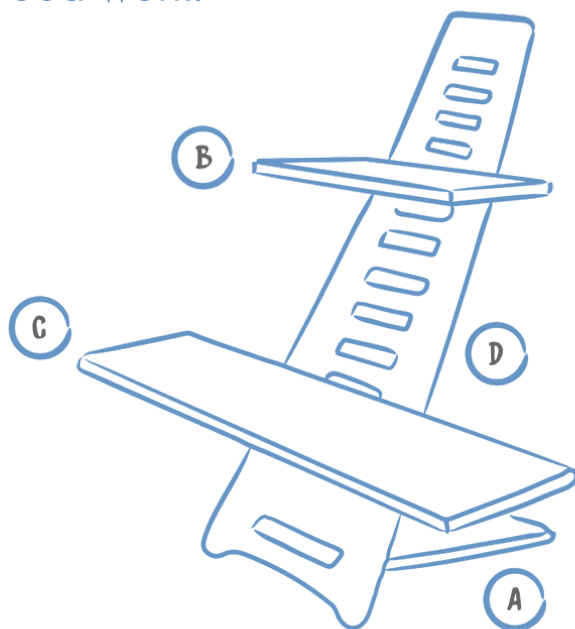

Step One:

Step Two:

How's it going? Does it look like this now?
Good work!

Laptop goes on top

Keyboard and trackpad/mouse on the bottom.

Standing while you work is great,
but tossing a kneeling chair into the
mix is even better.
