

CHARCOAL BLONDING CREAM 450gm

CHARCOAL BLONDING - SINGLE APPLICATION LIFT & NEUTRALISE

Up to 8 levels of lift

Create cool neutral results infused with active charcoal.

Charcoal draws out impurities in the hair giving a cleaner canvas to work with. This allows the pigmented Alpine Developers to lift more effectively, promoting better neutralisation.

Contains sweet almond and avocado oils for on scalp and all lightening applications.

- Can be used with all LH 3%, 6% or 9% Developers

GENERAL MIXING

METHOD	RATIO	DEVELOPER
On Scalp	1:2	3% or 4.5% ONLY
Freehand	1:1	3%, 4.5%, 6%, 7.5% or 9%
Foiling	1:1.5 or 1:2	3%, 4.5%, 6%, 7.5% or 9%

VISUAL UP TO 50 MINS

* Above ratios are a guide * Heat not recommended

After application and process when the ideal level of lift is achieved

1. Rinse thoroughly lightly with luke warm water
2. Gently shampoo and condition with Rhassoul
3. Tone if required with Liquid Jewlz

NOTES

1. Ratios vary from 1:1 up to 1:2 depending on
 - a. Texture
 - b. Porosity
 - c. Existing damage
2. Fine or damaged hair: Mix 1:2 ratio (same level of lift is achieved but at a gentle and steady speed to avoid any damage/break hair)
