

WATER TECHNIX MATRIX SUCTION CLEANER

The TechniX MatriX is a breeze to install - no tools needed, just a few minutes of your time. Its extra-large wheels takes on floors, walls, and even the elusive waterline, leaving no corner unscathed. And with 12 meters of sectional hose, your pool will be covered from every angle. Say goodbye to tangles with the robust swivel hose connection.

Features:

- Super user friendly, Install quickly and easily without tools in minutes
- Full pool coverage, cleans floors, walls and waterline (will even try the steps!)
- Includes 14 x 80cm hose in sectional lengths (total of 12m)
- Robust swivel hose connection to avoid tangles
- Heavy duty tyres for ultimate traction in all pools
- Male hose end: 36mm diameter, Female hose end: 38mm diameter
- Adjustable bypass valve regulates water flow to set optimum travel speed
- Best suited for small and medium debris (not ideal for long leaves, sticks, or pine needles)

- Compatible with salt, mineral, chlorine and magnesium pools
- Lifetime expert support exclusive to Mr Pool Man customers
- Performs flawlessly with above ground and in ground pools, Rectangle, Oval or Free form
- Suits Concrete, Pebblecrete, Quartzon and Tile pool surfaces. Not suitable for fibreglass or vinyl pools.
- Consumes no additional energy working when your pump is operational
- No bags or canisters to empty, all debris goes to your skimmer basket
- *Ensure the Float is 40cm - 1.5m from the cleaner head for optimal performance

The MatriX is a debris-devouring virtuoso, effortlessly gobbling up small and medium-sized debris with style. Its adjustable bypass valve lets you fine-tune water flow and dial in the perfect travel speed for maximum efficiency. We don't recommend the Matrix for large debris (long leaves, sticks or pine needles), And thanks to its hose swivel, it navigates corners, steps, and ladders with finesse, leaving no spot untouched. It's like having a pool cleaning maestro at your service.

The Matrix is best suited to Concrete, Pebblecrete, Quartzon, Tile pool surfaces. We don't recommend it for fibreglass pools unless you want a floor only cleaner. The MatriX is ready to rock your pool cleaning world. Bid farewell to manual labor and let this sleek beast do the dirty work.

A solid 1 year warranty and quality fittings required for an easy setup and peace of mind, it's truly a set and forget automatic pool cleaner.
