

BBA THE REAL VERTICAL 2-DAY VIP COURSE (ENGLISH) MODULE II

WITH LIVE OPERATION AND HANDS-ON

Dr. Frank Zastrow M.Sc.

S P E A K E R

is an experienced oral surgeon and former senior physician at Prof. Fouad Khoury in the clinic of Schloss Schellenstein. He leads his own private clinic in Wiesloch, Germany. He is inventor of the BBA Concept and his focus is the bone and soft tissue reconstruction in complex cases. For this topic he is also an international speaker.

BBA THE REAL VERTICAL 2-DAY VIP COURSE (ENGLISH)

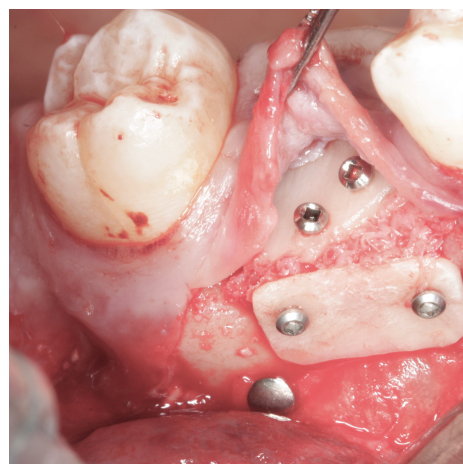

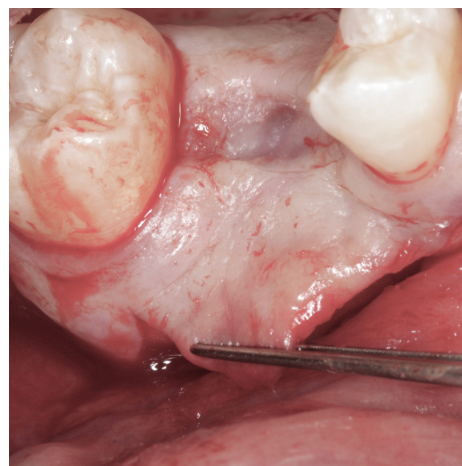

This course is addressed to colleagues already displaying experience in the field of bone augmentation. The premium class of augmentation, the discipline of vertical bone augmentation, will be practiced by means of specific synthetic models.

For participation the attendee must have attended the 'Real Bone Builders VIP Course' before!

Particular significance will be attributed to the proper soft tissue approach, which is highly recommended in association with the vertical bone augmentation procedure. The lateral tunnel as well as the tunnel technique will be discussed in detail and the participants will master the bone removal by means of the MicroSaw as well as the 3D augmentation of the lower jaw.

Potential sources of errors will be addressed, and distinct guidelines will be provided in order to guarantee a predictable successful outcome. All techniques will be exercised under the direction of Dr. Frank Zastrow by means of synthetic models.

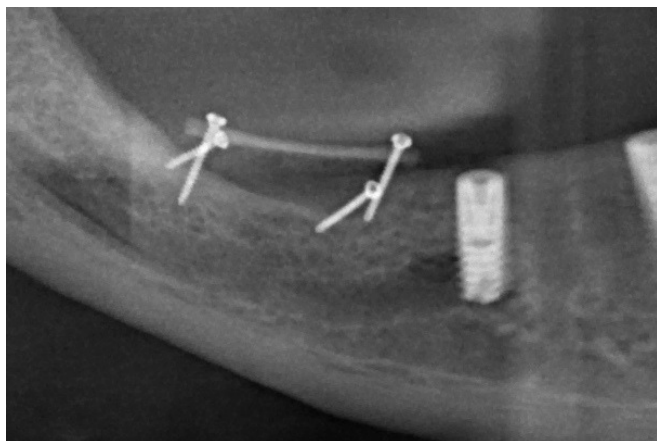

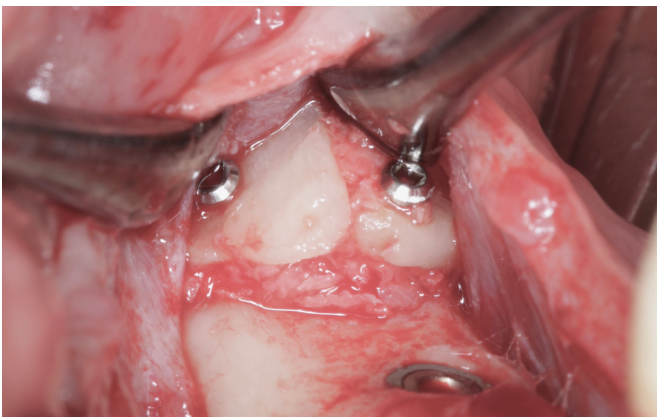

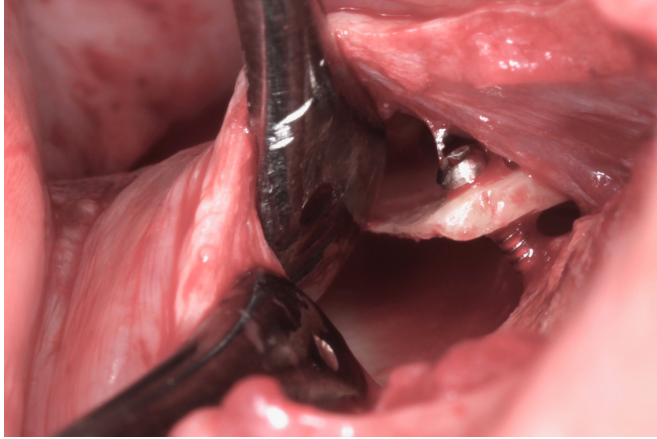

This course is limited to 15 participants.

BBA THE REAL VERTICAL 2-DAY VIP COURSE (ENGLISH) MODULE II

FIRST
DAY

(FOR PARTICIPATION THE ATTENDEE MUST HAVE ATTENDED 'THE REAL BONE BUILDER VIP COURSE' FIRST)

EVENING BEFORE COURSE STARTS
