

## DINOSAUR DESIGNS BANGLE SIZE GUIDE

Each bangle is characterised by a warmth and tactility only possible by making each piece by hand. Due to their handmade nature, sizing may vary as a result of hand finishing. Bangles are available in Dinosaur Designs standard sizes Narrow, Regular and Wide. Sizing is determined by measuring the inner diameter in millimetres. Refer to the guide provided to determine your best fit.

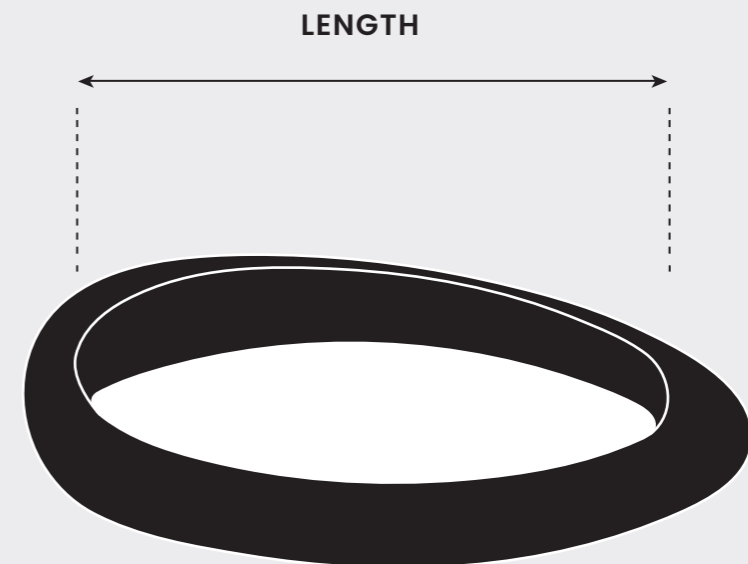

## THE GUIDE

**1** Select a bangle that best fits the intended wrist. Measure the diameter of the bangle in millimetres, on the longest side as shown below. Find the measurement on our size chart for your best fit.

**OR**

**2** On the side you wish to wear the bangle, make a fist. Measure the distance of length from the outside of the second finger (index) knuckle to the point between the fourth (ring) and fifth knuckle. Find the measurement on our size chart for your best fit.

**DD**

**DIAMETER MM**

NARROW

< 55mm

REGULAR

56mm - 66mm

WIDE

> 67mm
