

What is Fresh Live?

Fresh Live is an exciting way to add a unique element to your event. Having us screen print LIVE directly in front of your consumers, generates an incredible buzz that will be continually talked about. Not only is it an excellent opportunity to create an interactive experience for your visitors but it's ability to connect brands to people is it's magic value.

Your audience can take part in the creative process and walk away with something literally "hot off the press"

How does it all work?

Basically we bring the print shop to you!

Fresh Live has portable equipment that is capable of printing hundreds or even thousands of shirts during your event.

Our team of veteran printers will showcase their craft right before your attendees.

Within a time frame of aprx 45 seconds, the garment can be printed and cured by our dryers then it's ready to be taken home.

Fresh Live can print onto T-shirts, Sweatshirts, Totes, Posters or any other flat promotional items.

*Fresh Live creates adaptive packages to suit your budget.
As no two events are the same, contact us for a custom experience tailored to your event.*
