

# IUD INSERTION KIT

Disposable Packs or Kits are becoming more and more popular amongst OB/GYN Physicians. They save valuable time, reduce the risk of infection and eliminate the need for costly and time consuming sterilization of instruments.

The Disposable IUD Insertion Kit with Stainless Steel Tenaculum, CMS-6382 is designed to provide all of the necessary componentry to safely perform an IUD Insertion Procedure. The IUD Insertion Kit is sterile, single-use and can be disposed of after the procedure.

## Here's why

other physicians are choosing  
MPM Medical Supply's IUD Insertion Kit:

Item Number: CMS-6382 - Disposable IUD Insertion Kit

### High Quality Stainless Steel Tenaculum

MPM Medical Supply is the only company providing a Surgical Grade Stainless Steel Tenaculum in our IUD Insertion Kits. Physicians love the quality of the Tenaculum and appreciate the convenience of being able to dispose of them after the procedure. Single-Use instruments eliminate the risk of the transmission of disease to physicians, their staff and their patients.

### IUD Insertion Kits are 100% Disposable

Streamline the preparation and cleanup of IUD Insertion procedures while simultaneously lowering the risk for infection. Just open the Single-Use IUD Insertion Kit and you are ready to go. Dispose of the entire kit after the completion of the procedure. No need to worry about separating items that need to be sterilized.

### Reduce the Overall Procedure Time

We know how valuable time is to a Physician and their staff. The IUD Insertion Kit not only increases the efficiency of the procedure, it also simplifies the ordering process and saves time during pre-procedure setup and post-procedure cleanup.

### Eliminate The Need For Sterilization

Proper sterilization of surgical instruments requires expensive equipment and well trained employees. Studies have also shown that sterilization procedures in a clinical setting are not infallible. Eliminate the risk of transmission of infectious agents such as HPV with a sterile Single-Use IUD Insertion Kit.
