✓	Indicates an upgrade or improvement over the model below	

With the 901 it's all about the geometry - it will make you feel more confident in all situations than any hardtail you've ever ridden. The latest 901 features exactly the same frame as the 10/10 award winning 905.

The latest 901 comes with the new Whyte Drop.it II Adjust seat post, allowing the rider to tune the dropper post's travel to fit them better with 30mm of available adjustment in 5mm increments.

The all-new Shimano Deore 11 speed drivetrain with a massive 11-51t cassette gives the rider a huge gear range.

Dropout Code	DROPWH17-2
