

kindkibble™

**100% complete plant-based dog food**

**Does v-dog conduct quality/nutrition tests?**

Yes: V-dog is formulated to meet the nutritional levels established by the AAFCO for adult dog nutrition. We regularly conduct third party lab testing to ensure the nutritional, safety and quality standards of our kibble are met or exceeded.

**Is v-dog veterinarian approved?**

We work with a team of veterinarians who support and endorse v-dog products.

**What if a dog has allergies?**

From tummy troubles, to itchy skin, to tear stains, v-dog kibble has shown incredible success with thousands of allergy-prone and sensitive dogs since 2005.

**Is v-dog appropriate for all life stages?**

V-dog kibble is formulated for adult dogs 1 year and up. Senior dogs have shown improved mobility and leaner body weight after switching to v-dog. We also offer a "mini bites" kibble, perfect for small dogs or dogs who have trouble chewing.

**I have additional questions. Who can I contact?**

We're happy to answer any questions for you or your client. Please contact us at support@v-dog.com.
