

# TAILOR'S AND GARMENT

## ADJUSTABLE DUMMY

On the adjustable Stirovap dummies, the top adjustable knob regulates different sizes pointed out by a sizemark (2) placed on the neck of the dummy. Turning it clockwise you can get the smallest sizes, turning it anticlockwise you can get the biggest sizes. The two levers placed underside of the woman dummy use to heighten or pull down the sinus respectively and to enlarge it or to reduce sinus.

After order, all Stirovap dummies can be supplied with the arm on dummies prearranged only and it suffices to pull the right chromate shoulder strap and to insert the arm in its proper seat. Dummies lining is 100% elasticized cotton
